These policies apply to all employees of the City unless specified otherwise. Employees of the City include all personnel which the City of Kingsville contributes 50% or more of the department's operating budget.

This manual describes many of the responsibilities of an employee and outlines the programs developed by the City to benefit employees. It is the responsibility of each employee of the City to comply with the policies in this manual, and with all other rules and regulations implemented in accordance with these policies. Any written or oral statement by a supervisor or department director contrary to the personnel policy manual is invalid and should not be relied upon by any prospective or current employee.

No employee manual can anticipate every circumstance or question. The City reserves the right to revise, supplement, or rescind any policy or portion of the manual from time to time as it deems appropriate, at its sole and absolute discretion, with the exception of the employment-at-will policy. The employment-at-will policy means that the employee or the City may end the employment relationship at any time for any reason or no reason. Employees will be notified of such changes to the manual as they occur. The language used in this policy is not intended to create, nor is it to be construed to create a contract between the City and any one or all of its employees.

Questions as to the interpretation or understanding of any policy or practice may be addressed to your department director or the Human Resources Department. The Human Resources Department administers the City's personnel functions and employment policies in accordance with applicable federal and state laws. As a matter of policy, all personnel records and policy administration shall be the responsibility of the Human Resources Department. All references to the City of Kingsville personnel policy shall mean the policies most recently approved by City Commission.

The City wishes at the outset to relay some of its rights, which include but are not limited to the following:

- Hiring, directing, assigning, discharging, disciplining, and recalling employees;
- Establishing wages, hours, working conditions, allocating, and assigning work;

With the exception of matters of appointment and other personnel actions reserved to the City Commission by statute or ordinance, the final authority on personnel decisions is reserved for the City Manager or designated staff member. Although major areas of policy are defined in this manual, there may be situations that are not specifically cited. In these instances, the City Manager retains the right to establish policy.

The City Manager retains discretionary authority in all personnel matters under the authority of the office of City Manager.

POLICY NO. 101.00 AT-WILL POLICY STATEMENT AND DISCLAIMER

The policies and procedures set forth in this Administrative Policies and Procedures Manual are not a binding employment contract. This manual provides general guidelines only and none of these provisions are contractual in nature. All employment with the City of Kingsville is "at-will," meaning that employment may be terminated at any time, with or without notice, for any reason or no reason, by either the City of Kingsville or the employee.

This Administrative Policy and Procedures Manual is not a contract guaranteeing employment for any specific period of time. Either the City of Kingsville or the Employee may end the relationship at any time, with or without cause, notice or reason. No director, supervisor or representative other than the City of Kingsville's City Manager has the authority to enter into any agreement guaranteeing employment for any specific period of time or to make any written or oral promises, agreements or commitments contrary to this policy. Further, any employment agreement entered into by the City Manager will not be enforceable unless it is in writing.

This Administrative Policy and Procedures Manual replaces and supercedes all earlier City of Kingsville personnel practices, policies and guidelines.

Approved: August 28, 2006

POLICY NO. 102.00 ORGANIZATION OF MUNICIPAL EMPLOYEES

Any employee of the City government may join, organize, or maintain membership in an employee or labor organization if he so desires. The City neither encourages nor discourages these activities, nor does membership or non-membership in an employee or labor organization affect the employee's standing or rights as a City employee. The policy herein stated is in accordance with the provisions of the statute of the State of Texas and the Charter of the City of Kingsville.

Pursuant to Texas law, it is illegal for City employees to strike or picket or take any action that interferes with the ordinary and orderly conduct of the City government's business.

Unless provided by appropriate statute, governmental employees of Texas cities have no legal right to bargain collectively. Consistent with this policy, State law denies to City officials the power to enter into a collective bargaining contract or unconditional promise with any employee group or employee organization. Collective Bargaining is a bilateral process for achieving a collective agreement between an employer and an accredited representative of employees concerning wages, hours and other conditions of employment.

However, the City of Kingsville desires to provide fair and equitable treatment to all employees. Commensurate with its ability to pay, the City of Kingsville wishes to pay wages, grant fringe benefits, and otherwise create conditions of employment similar to those given employees by comparable public jurisdictions and private business and industry in the Kingsville area.

In order to insure that employees' concerns about such issues are heard, the City encourages employee associations to meet with staff to discuss such issues. The City retains the unilateral right to make all final decisions.

Municipal employees participating in an employee organization or other association or union activities are required to conduct such activities on their own time and not during regularly assigned working hours with the following exceptions: 1) An association or union representative assisting a fellow employee in the presentation of a grievance may utilize such time during working hours as is essential for presentation of the grievance; however, preparation of grievances shall be on the employee's own time; and, 2) Employee association or union officials (president, vice-president, and/or secretary-treasurer) may meet on City time with departmental supervisors or the City Manager or his representative when such meeting times are fixed with the knowledge of the appropriate supervisory officials concerned. Departmental supervisors must be notified at least twenty-four (24) hours before the scheduled meeting time.

Supervisory employees carry responsibilities and duties in the management of the City's business that may be incompatible with their membership in an employee association or union. The City Manager recommends that supervisory employees not belong to any association or union in which non-supervisory employees are also members.

Solely as a convenience to City employees who may wish to belong to an employee association or labor organization, the City of Kingsville deducts dues when specifically authorized to do so by the employee, and where deductions are in accord with the policy for payroll deduction established by the City Commission. The procedure for initiating or canceling any such payroll deduction shall be as established by appropriate administration regulation. Initiation or cancellation of such payroll deduction will in no way affect an employee's job or standing as a City employee.

In interpreting this statement of policy, City officials and employees should realize that nothing herein should be construed as an abandonment or restriction of the City's governing policy with respect to employee conditions and the treatment of its employees. The provisions of the State statute, the City Charter, and the proper exercise of the authority of City-appointed officials and other supervisory employees shall in no way be restricted or impaired by provisions of this personnel policy.

Approved: August 28, 2006

POLICY NO. 110.00 PERSONNEL PHILOSOPHY, EQUAL EMPLOYMENT OPPORTUNITY, AND AFFIRMATIVE ACTION

The City's primary Human Resources objective is to select personnel who meet high standards of personality, character, education and occupational qualifications, who can carry on our work with competence, who have capacity for growth and who will become a living part of our City's operations.

The City realizes that its fundamental strength and future growth depend directly upon the contribution made by each person within its administration, that productivity and efficiency result from real job satisfaction and from the opportunity each person receives and accepts for his individual self-development. All Human Resources Administrative Policies and Procedures as adopted by the City Commission or Administrative Procedures or Policies approved by the City Manager are established to fulfill the City's human resources objectives and goals.

The City believes that all persons are entitled to equal employment opportunity and does not discriminate against its Employees or applicants because of race, color, religion, sex, sexual preference, national origin, ancestry, age, marital status, disability, veteran status or any other basis prohibited by federal, state or local law. Equal employment opportunity will be extended to all persons in all aspects of the Employer-Employee relationship, including but not limited to recruitment, hiring, training, compensation, promotion, transfer, discipline, layoff and termination.

The City is also committed to affirmative action in all aspects of its employment environment, and all terms and conditions of employment.

CHAPTER 2

ADMINISTRATION OF CLASSIFICATION AND COMPENSATION PLAN

Policy	Page
200.01 Classification System	1
201.00 Responsibility to Establish Compensation	2
220.00 Personnel Designation	2
230.00 Personnel Administration	2
240.00 Employee Definitions	2

POLICY NO. 200.01 CLASSIFICATION SYSTEM

Every budgeted position is allocated into a classification that includes positions with similar duties and responsibilities. Substantial similar positions are grouped together and treated as equivalent with regard to personnel and salary administration.

Class specifications prepared by the Human Resources Department describe the range of duties performed by employees in the class. Specifications include essential and marginal function statements, qualifications, and working conditions of the class. Class specifications are generic, describing major duties and functions. They are not intended to describe specific positions in detail.

Official class titles are used in all personnel, payroll, accounting, budget appropriations and functional records and transactions. Official class titles must be used when processing transactions. A coding system is used to designate each class in the system.

The Human Resources Director is responsible for the administration and maintenance of the classification system and may initiate studies of individual positions, series of positions, classes, occupational groupings or organizational units to ensure and maintain the integrity of the classification system. When the need for a new class arises, the Director will recommend a new class title and develop class specifications for the new classification. See Appendix A-1 for the most recent City of Kingsville Job Classification and Compensation Plan approved by City Commission.

Reclassification

The process for reclassifying, adding and deleting positions is as follows:

Step 1 -The Human Resources Director shall conduct classification reviews, evaluate and propose the classification level of new positions, suggest an appropriate reclassification whenever duties of an existing position change, and review the Classification Plan to ensure equitable classification of positions.

Step 2 - Suggestions for any changes shall be presented to the City Manager for consideration.

Step 3 – The City Manager shall authorize a presentation to the City Commission regarding the proposed changes to the City of Kingsville Job Classification and Compensation Plan.

Allocation of positions to a classification will be made on the basis of a whole job analysis to include but not limited to consideration of required expertise, decision-making, supervisory responsibilities, management control, contacts, physical effort and working conditions.

Department Directors assist in this process by identifying any changes in the organization which include changes in function, organizational relationships, work methods; proposed new positions; changes that have been or are to be made in the duties and responsibilities of any departmental positions.

When reclassification and restructuring occur and the employee does not meet the minimum qualifications of the classification their position has been reclassified to, they must have been performing the essential functions of the position at a satisfactory level for at least six (6) months prior to the reclassification. If they do not meet the six (6) month requirement, the Department Director may request a waiver of this provision.

Classification and position reviews will be conducted upon the request of a Department Director in a manner that is fair, equitable and objective, taking into consideration not only the needs of the individual department but the needs and requirements of the City as a whole.

Approved: August 28, 2006

POLICY NO. 201.00 RESPONSIBILITY TO ESTABLISH COMPENSATION

The City Manager, or his designee, shall be responsible for administering the Compensation Plan including but not limited to, the processing of salary advancements, the determination of proper salary rates, and the preparation of recommendations and initiation of approved comparable positions outside City employment. The City Commission shall consider any changes recommended by the City Manager and the changes shall be effective upon favorable action by the City Commission. See Appendix A-1 for the most recent City of Kingsville Job Classification and Compensation Plan approved by City Commission.

Where the terms of an applicable collective bargaining agreement or the Texas Local Government Code conflict with the provisions of these Policies and Procedures, the collective bargaining agreement or the provisions of Texas law control as to those Civil Service Employees.

All City employees except Civil service personnel are "at will"—meaning that either the City or the individual may terminate their employment or service to the City at any time, for any reason, or for no reason.

POLICY NO. 600.04 TEXAS MUNICIPAL RETIREMENT SYSTEM (TMRS)**TMRS Retirement Plan**

To identify eligibility requirements for employees to participate in the Texas Municipal Retirement System (TMRS), the retirement system administered on a statewide basis.

Participation in the Texas Municipal Retirement System provides for monthly pension benefits at retirement.

Eligibility for Enrollment

At the time of employment, all full time eligible employees are enrolled in the TMRS pension plan.

Contributions

Contribution rates and other policies of the City's TMRS Plan are determined by the City Commission and are subject to change.

Contributions to TMRS are mandatory for full time employees. Currently, the employee contributes 7% of their earning each pay period. The contributions are tax deferred and made through payroll deductions. Vesting generally occurs 5 years after the first contribution. Currently, the City's contributions at retirement are approximately 1.5:1.

Interest Earnings

Employee deposits earn interest on an annual basis, credited to the employee's account each year. Prorated interest occurs only during the year in which the employee retires.

Benefits at Retirement

Generally, employees may retire after 240 month (20 years) of TMRS credit, regardless of age. Military Service and/or previous government employment contribute service credit toward earlier retirement.

TMRS benefits will be based on years of service, salary, the employee and City contributions to the account, and the retirement option selected.

Employees should contact the Human Resources Department at least one (1) month before the planned retirement date to allow for completion of paperwork. For additional information, please consult the TMRS Benefits Guide available online at www.tmr.org or contact the Human Resources Department.

POLICY NO. 610.05 HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY COMPLIANCE POLICY (HIPAA)

- (1) The City of Kingsville is a covered entity as defined by HIPAA and we do maintain healthcare and related plans that are subject to HIPAA requirements. The City of Kingsville shall comply with federal HIPAA rules and regulations in regards to protected health information (PHI) maintained by the City.

HIPAA regulations will be followed in administrative activities undertaken by assigned personnel when they involve PHI in any of the following circumstances: health information privacy, health information security and health information electronic transmissions.

The City of Kingsville will consider any breaches in the privacy and confidentiality of handling of PHI to be serious. Disciplinary action will be taken in accordance with our workplace policies.

The City of Kingsville has designed a HIPAA compliance office, (HCO), and questions regarding policy provisions should be addressed to the HCO. This policy is supplemented by new operating procedures issued by the HCO and will be effective immediately. City records that are governed by this policy will be maintained for a period of no less than six years, and when the maximum retention period has passed, the records will be subject to the City's policy for completed record destruction.

- (2) Health Insurance Portability and Accountability (HIPAA)

The City of Kingsville has adopted a policy that protects the privacy and confidentiality of protected health information (PHI) whenever it is used by City representative. The private and confidential use of such

information will be the responsibility of all individuals with job duties requiring access to PHI in the course of their jobs.

PHI refers to individually identifiable health information received by the company's group health plans and/or received by a health care provider, health plan or health care clearinghouse that related to past or present health of an individual or for payment of health care claims. PHI information included medical conditions, health status, claims experience, medical histories, physical examination, genetic information and evident of disability.

The City of Kingsville has designated the Human Resources Director as the HIPAA Compliance Officer (HCO), and any questions or issued regarding PHI should be presented to the HCO for resolution. THE HCO is also charged with the responsibility for a) issuing procedural guidelines for access for PHI; b) developing a matrix for personnel who will need access to PHI; and c) developing guidelines for describing how and when PHI will be maintained, used, transferred or transmitted.

Annually or as necessary, the City performs enrollment, changes in enrollment and payroll deduction, provides assistance in claims problem resolution and explanation of benefits issues, and assists in coordination of benefits with other providers. Some or all of these activities may require the use or transmission of PHI. Thus, all information related to these processes will be maintained in confidence and employees will not disclose PHI from these processes for employment-related actions, except as provided by administrative procedures approved the HCl. General rules are as follows:

Disclosures that do not qualify as PHI-protected disclosures include:

- disclosure of PHI to the individual to whom the PHI belongs,
- requests by providers for treatment and/or payment,
- disclosures requested to be made to authorized parties by the individual PHI holder,
- disclosures to government agencies for reporting or enforcement purposes, and
- disclosures to workers' compensation providers and those authorized by the workers' compensation providers.

Information regarding whether an individual is covered by a plan for claims processing purposes may be disclosed.

Information external to the health plan is not considered PHI if the information is being furnished for claims processing purposes involving workers' compensation and/or short or long term disability and medical information received to verify ADA or FMLA status.

Personnel records and disclosures of PHI will be maintained for a period of six years as required by federal law, unless a state law requires longer retention period. Records that have been maintained for the maximum interval will be destroyed in a manner to ensure that such date is not compromised in the future in accordance with the City of Kingsville's record destruction policy.

POLICY NO. 620.04 OVERTIME PAY

This policy and procedures section applies to non-exempt employees. Overtime for fire and police civil service employees may be governed by the terms of their respective collective bargaining agreements.

Overtime will be authorized or directed only when it is in the interest of the City and is the most practicable and economical way of meeting work demands and deadlines. When reasonably requested, all non-exempt employees will be expected to work overtime. All overtime worked shall be either specifically requested or approved by the Employee's Department Director prior to the employee actually working overtime except in cases of emergency situations. Compensation of overtime will be made by additional pay in accordance with applicable state and federal laws, based upon the "regular rate of pay" as defined by the Fair Labor Standards Act ("FLSA"). Non-exempt City employees entitled to overtime pay will be paid one and one-half (1½) hours for each overtime hour worked and recorded on the employee's timesheet. Overtime is calculated on a weekly basis and is based upon hours worked by an Employee in excess of 40 hours per week. The work period begins at 12:01 a.m. on Sunday and ends at 12:00 midnight on Saturday.

Holidays, Vacation time, sick leave, safety, funeral, emergency, injury, jury duty or other non-work related paid absences will not be counted as time worked for purposes of calculating overtime. Compensatory time shall not be used in lieu of paid overtime unless requested by the employee and approved by the Department Director and approved by the City Manager.

Exempt employees are paid a salary for performance of their jobs and are not generally eligible for compensatory time off or overtime pay for time worked in excess of their standard workweeks. Exceptions may be made by the City's Emergency Management Director for exempt employees, because of critical project demands during periods when the emergency services policy is activated and a state of emergency is recognized by FEMA, who must work extraordinarily longer hours for a short period of time.

The only other exceptions to this policy are as set out hereafter. For work performed on an official City Holiday, see Policy 720.1 – Compensation for Holidays. If a non-civil service City employee is called out to work beyond normal business hours, then the employee shall be paid one and one-half (1 1/2) hours for each hour worked outside of normal business hours.

Violations of this policy, as with any other City policy, may result in an Employee's discipline, up to and including termination of employment.

Working non-approved overtime is prohibited and, although paid, may result in an Employee's discipline, up to and including discharge for repeated offenses.

Approved: August 28, 2006

POLICY NO. 620.05 PAYROLL DEDUCTIONS

Federal income tax, as well as Social Security (FICA) and Medicare tax, will be deducted from all paychecks as required by law. A statement of total annual earnings and tax withheld will be provided to each Employee no later than January 31st of the year following the earning period.

Other deductions from wages may be made for certain purposes, such as to permit an Employee to participate in an Employee welfare benefit to include health insurance plans or pension benefit plan of the City. However, other than those deductions authorized by federal or state law, no deductions will be made from an Employee's wages without the Employees' specific written authorization.

POLICY NO. 750.00 FAMILY AND MEDICAL LEAVE (FMLA)

To be eligible for the Family and Medical Leave described in this policy, Employees must have been employed by the City for at least 12 months and must have worked at least 1,250 hours in the 12 consecutive months preceding the Employee's request for leave. All City Employees meeting these eligibility requirements are qualified for leave under this policy.

The City provides eligible Employees up to a total of 12 weeks of unpaid leave in any "rolling" 12-month period measured from the date an Employee uses any FMLA Leave in accordance with the Family and Medical Leave Act of 1993 ("FMLA"). Upon submission and approval of a leave of absence request, eligible Employees are entitled to leaves of absence (FMLA Leave) for the following purposes:

1. Birth/Adoption/Foster Care Leave - An Employee may take leave in connection with the birth of the Employee's natural child or the placement of a child with the Employee for adoption or foster care. An Employee's entitlement to leave for birth or placement of a child expires 12 months after the child's birth or placement.
2. Family Leave - An Employee may take leave to care for his son or daughter, spouse or parent with a serious health condition.
3. Medical Leave - An Employee may take leave in connection with his own serious health condition, which renders the Employee unable to perform his or her job duties.

The City will require a health care provider's certification of either the Employee's or the family member's serious health condition, whichever is applicable. Copies of acceptable forms are available from the City. The City may request an up-date of the health care provider's certification regarding the Employee's continued eligibility for FMLA leave every thirty (30) days.

When it is foreseeable for the birth or placement of a child or for planned medical treatment, an Employee who wishes to take leave under this policy must give the City reasonable, advance notice and must submit a written leave

of absence request for approval prior to the commencement of the leave. In most circumstances, a "reasonable, advance notice" means thirty (30) days advance notice. When it is not possible to give advance notice -- for example, an unforeseeable medical emergency -- the Employee must notify a Department Director as soon as practicable, ordinarily within one or two business days of when the Employee learns of the need for leave. The form to be used for requesting Family and Medical Leave is the "Employee Request for Leave of Absence" form available from the Human Resources Department. The City also has the right to designate an absence as Family and Medical Leave on its own volition, consistent with applicable laws and regulations even if the Employee does not request it.

It is a policy of the City that if an Employee has accrued paid leave which he or she has not yet taken, that paid leave will be utilized to cover any leave under this policy when permitted under the FMLA. When the paid leave is used up, the balance of any FLMA leave will be unpaid. Workers' compensation leave will also be required to be taken concurrently with FMLA leave. When any paid leave is used up the balance of any FLMA leave will be unpaid.

If a husband and wife are both employed by the City, they are limited to a combined total of 12 workweeks during any 12-month period if leave is taken (1) for the birth of the employee's child or to care for the child after birth; (2) for placement of a child with the employee for adoption or foster care, or to care for the child after placement; or (3) to care for the employee's parent with a serious health condition. The husband and wife would each still be entitled to the difference between the time he or she has taken individually and 12 weeks of FMLA leave for a purpose other than those indicated above.

An Employee taking leave for birth or because of placement of a child for adoption or for foster care is permitted to take leave intermittently or by working a reduced workweek only with the approval of the City. However, leave to care for a seriously ill family member or because of the Employee's own serious health condition may be taken whenever medically necessary, when supported by certification from the health care provider.

Employees on FMLA Leave will continue to be covered under the City's health benefits program and maintain the same health insurance premiums. If the Employee has coverage through the City's health plan, the Employee must continue to pay his or her portion of the premiums to keep their coverage in effect, just as if he or she was working -- this includes dependant coverage. The City will continue to pay its normal portion of the premium as if the Employee were working. If the Employee does not return to work at the end of the leave, the City will charge the Employee for the cost of the health coverage during the leave. However, the Employee will not be charged for any advances on premiums if he or she does not return due to:

1. The continuation, recurrence, or onset of a serious health condition which would entitle the Employee to Family and Medical Leave; or
2. Other circumstances beyond the Employee's control.

On return to work from FMLA Leave, an Employee is entitled to be returned to the same position the Employee held when leave commenced, or to an equivalent position with equivalent benefits, pay and other terms and conditions of employment.

The City retains the right to deny reinstatement to "Key Employees" upon its determination that substantial and grievous economic injury will result. The Employee will be given notice that the Employee is considered a "Key Employee" as soon as practicable after receipt of a request or designation by the Employee of an absence as FMLA Leave. If a determination is made of substantial and grievous economic injury, the Employee will be notified in writing, with such notice being served in person or by certified mail.

An Employee on FMLA Leave may not engage in work for another employer during the City's normal business hours, whether full or part-time. Any violation of this provision may jeopardize the Employee's right to return to work.

The City will require a health care provider's certification that the Employee is "fit for duty" and may return to work, with or without reasonable accommodation, prior to the Employee returning to his job.

As used in this policy and under the Federal FMLA regulations, the following terms are defined below:

1. Continuing Treatment - A serious health condition involving continuing treatment by a health care provider includes any one or more of the following: (i) A period of incapacity (i.e., inability to work, attend school, or perform

other regular daily activities due to the serious health condition, treatment therefore, or recovery there from) of more than three consecutive calendar days, and any subsequent treatment or period of incapacity relating to the same condition, that also involves: (a) Treatment two or more times by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care services (e.g., physical therapist) under orders of, or on referral by, a health care provider; or (b) Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of the health care provider; (ii) Any period of incapacity due to pregnancy, or for prenatal care; (iii) Any period of incapacity or treatment for such incapacity due to chronic serious health conditions; (iv) A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective, but which requires the continued supervision of a health care provider (e.g., Alzheimer, severe stroke, etc.); (v) Any period of absence to receive multiple treatments (or to recover from same) conducted or ordered by a health care provider for a condition which, if untreated, would result in a serious health condition.

2. Equivalent Position - An equivalent position must have the same pay, benefits and working conditions, including privileges, prerequisites and status. It must involve the same or substantially similar duties and responsibilities, which must entail substantially equivalent skill, effort, responsibility and authority.

3. Health Care Provider - A health care provider is (i) a doctor of medicine or osteopathy who is authorized to practice medicine or surgery by the State in which the doctor practices; or (ii) any other person determined by the Secretary of Labor to be capable of providing health care services. These may include but are not limited to podiatrists, dentists, clinical psychologists, clinical social workers, optometrists, chiropractors, nurse practitioners and nurse-midwives who are authorized to practice by the State. Christian Science practitioners listed with the First Church of Christ Scientists in Boston; Massachusetts are also included.

4. Key Employee -A key Employee is a salaried Employee who is among the highest paid 10 percent of all the Employees employed by the City within 75 miles of the Employee's work-site.

5. Parent - Parent means a biological parent or an individual who stands or stood in loco parentis to an Employee when the Employee was a child. The term does not include parents "in-law".

6. Serious Health Condition - A serious health condition is an illness, injury, impairment or physical or mental condition that involves: (1) inpatient care and any corresponding period of incapacity or subsequent treatment, or (2) continuing treatment by a health care provider.

7. Son or Daughter - Son or daughter means a biological, adopted, or foster child, a stepchild, a legal ward or a child of a person standing in loco parentis, who is either under age 18, or age 18 or older and "incapable of self-care because of a mental or physical disability".

8. Spouse - Spouse means a husband or wife as defined or recognized under state law for purposes of marriage, including common law marriage in states where it is recognized.

The City has the right to request an Employee who requires FMLA Leave to provide to the City a physician's certification documenting the Employee's entitlement to FMLA Leave. FMLA Leave is NOT available for bereavement purposes.

POLICY 760.01 REPORTING WORKERS' COMPENSATION CLAIMS

The State of Texas requires prompt reporting of occupational injuries or illness and it is the City of Kingsville's policy that such incidents be reported promptly and accurately. Department Directors and Supervisors shall be responsible for insuring workers compensation claims are reported promptly and accurately.

Occupational injuries or illnesses are incidents, which leads to the physical injury or illness of an employee while performing their job. The incident may require the need of medical treatment by a physician or result in lost time from the workplace.

The Risk Management Department shall be responsible for coordinating and filing workers' compensation reports, related documents and retaining records in the employee's workers' compensation file.

If the incident warrants immediate medical attention and the injury report was not completed at the time of the occurrence, the Supervisor shall notify the Risk Management Department of the incident as soon as practical. The employee must still notify the Risk Management Department to provide information required to complete the "Employers' First Report of Injury or Illness".

Once the "Employer First Report of Injury or Illness" is completed, the Risk Management Department shall fax a copy to the City's Workers' Compensations Insurance Carrier. POLICY NO. 770.00 AMERICANS WITH DISABILITIES ACT POLICY

The ability of the City to provide timely and adequate salary continuation and benefit programs to assist City Employees absent from the job due to an injury or illness is dependent upon the City's ability to coordinate its handling of each individual case. This policy seeks to create a coordination and uniformity of the handling of all City Employee disability or injury cases, as well as protecting Employee rights under the Americans with Disabilities Act ("ADA"). It is expected that Employees will assist and cooperate with the City in obtaining recommended medical treatments or therapy and rehabilitative services in order to return to work at the earliest possible date.

This policy applies to all Employees of the City. Where this policy conflicts with the provisions of the Texas Local Government Code, or with the terms of a collective bargaining agreement of which the City is a party, the terms of Texas law or the collective bargaining agreement will control.

Definitions

The following definitions apply to this section:

- **Essential functions:** The major duties essential to a position (with or without reasonable accommodation). These are determined by the job description of each position. The following should be considered in determining if a job function is essential:
 - The position exists, in part, to perform the function.

 - A function is highly specialized, and the person in the position is hired for special expertise or ability to perform it.
- **Reasonable Accommodation:** A modification of the work environment or work process that enables a person with a disability to perform the essential functions of a job and associated regulations. The determination of what accommodations are reasonable shall be the determination of the City, but will be in compliance with the provisions of the ADA. The determination of reasonable accommodation will also include consideration of whether an undue hardship will be posed on the operations of the department or division, or if a direct threat to the health or safety of the Employee or others will be posed.
- **Undue Hardship:** An accommodation that is excessively costly, extensive, substantial, or disruptive, or that would fundamentally alter the nature or operation of the business.
- **Direct Threat:** A health or safety risk that, based on valid medical and/or other objective evidence, is determined to pose a significant risk of substantial harm, and which cannot be reduced to an acceptable level with reasonable accommodation.
- **Disability:** Under the ADA, an individual with a disability is a person who has: a physical or mental impairment that substantially limits one or more major life activities; a record of such impairment; or is regarded as having such as an impairment.
- **Illness, Injury, or Medical Condition:** A temporary physical or mental impairment that does not substantially limit one or more of the major life activities of an individual.
- **Business Necessity: Termination:** Occurs when a department's or division's productivity or ability to deliver services is adversely affected because an Employee is unable to perform the essential functions of the position for which that Employee is hired, and no reasonable accommodation can be made.
- **Modified Duty:** Any restriction placed on an Employee by a treating physician which requires an Employee to do less than his or her full job. Modified duty will not extend beyond 120 days.

Procedures

When an Employee is unable to perform the essential functions of his or her position due to a disability, injury, illness, or medical condition (and reasonable accommodation is not possible), the City may separate the Employee due to business necessity and fill the position except as is required by the Family and Medical Leave Act.

Eligibility for benefits as defined in this procedure is dependent upon the complete compliance of the Employee with the responsibilities outlined in this procedure and the requirements and procedures stated in the Employee benefit booklets or appropriate benefit policies.

An Employee who experiences a non-occupational injury or illness that renders the Employee incapable of performing his or her regularly assigned duties shall use his or her accrued sick, vacation, and other paid leave balances. The Employee may use his or her available leave balances until the earlier of:

- the date that the Employee has exhausted all such leave balances; or
- the date that the Employee is able to return to work and perform the essential functions of his or her position.

Benefits will be calculated as listed below:

- Employees who are absent from work due to a non-occupational injury or illness shall continue to accrue vacation and sick leave for as long as they are receiving paid leave (i.e. sick, vacation, or other paid leave time).
- Benefit accrual and usage would follow the provisions of the Family and Medical Leave Act policy.
- The Employee and eligible dependents will remain qualified for health benefits coverage through the City's group plan as long as the premiums for the Employee and dependent coverage under the City plan are paid on a timely basis by the Employee (either through payroll deduction or personal payment), and as long as the Employee remains employed by the City.
- The City will continue to pay its portion of health insurance premiums for the Employee as provided by the Family and Medical Leave Act.

Employees who qualify for FMLA leave must comply with all provisions of the FMLA policy.

An Employee's position shall be filled and the Employee shall be terminated due to business necessity under the following conditions and guidelines. This section applies to non-occupational injuries or illnesses and certain occupational injuries or illnesses. Where this policy conflicts with the provisions of the Texas Local Government Code, or with the terms of a collective bargaining agreement of which the City is a party, the terms of Texas law or the collective bargaining agreement will control.

- The Employee has been unable to perform the essential functions of his or her job with or without reasonable accommodation for a period of nine (9) consecutive months from the beginning date of the disability, illness, injury or medical condition.
- The Employee's treating physician does not anticipate any change in status that will allow the Employee to perform the essential functions of his or her job for an additional ninety (90) days.
- Department Directors shall consult with the Director of Human Resources prior to initiating a recommendation of termination due to business necessity.

The Risk Manager shall also be consulted if the Employee's injury is occupational. The following shall be taken into consideration during the decision-making process:

- a. A doctor's prognosis indicating the Employee will not be able to perform his or her regular duties or modified duties if available. In the case of an Employee with a disability, termination would not be considered unless no reasonable accommodation (which would not cause undue hardship on the organization or pose a direct threat to the health or safety of the Employee or others) exists that would enable the Employee to perform the essential functions of his or her position, and no job reassignment is possible.
- b. The Employee's refusal to follow a prescribed course of treatment.
- c. The Employee's refusal of placement in a position for which the Employee is qualified.
- d. The Employee's refusal of a modified duty assignment after expiration of any available FMLA leave for an occupational injury.
- e. The Employee's non-compliance with established safety rules and regulations *and/or* City work rules and regulations.
- f. The failure of the Employee to present satisfactory evidence of an inability to return to work, either in a limited duty capacity if such work is available, or to regular duty according to the timetable established in this procedure or upon request by the City.
- g. Falsifications or misrepresentations made by the Employee concerning his or her physical condition or capacity.
- h. The failure or refusal of the Employee to return to regular duty on the day specified by the treating physician.
- i. The Employee's failure to contact their immediate supervisor on a regular basis (as directed by his or her Department Director) and notify of their condition and expected return-to-work date. If the Employee is unable to make contact personally, the Employee shall have someone contact his or her Department Director on his or her behalf.
- j. The Employee's failure to provide the requested progress reports from the treating physician.
- k. For an on-the-job injury, if the Employee is found to be participating in any activity, including outside employment or self-employment, that impedes the Employee's progress of recovery.
- l. For an on-the-job injury, if the Employee fails to report to his or her Department Director his or her participation in any other employment, including self-employment.

If after reviewing these factors, the Department Director determines a proposal for termination for business necessity is appropriate, the Department Director shall consult with the Human Resources Department. The Human Resource Director shall present the information to the City Manager for his decision. If the decision is to terminate the employee the employee must be notified in writing. An Employee who receives a proposed termination for business necessity shall be afforded the same response rights as any other Employee who receives a proposed dismissal under the City's disciplinary procedures. However, separation for business necessity shall not be considered a disciplinary action and shall not deny an Employee the use of any accrued benefits as outlined in appropriate policies.

The employee shall notify their department supervisor of the need to use funeral/bereavement leave as soon as possible. Leave shall be granted unless there are unusual business needs or staffing requirements.

Funeral/Bereavement pay is calculated on the base pay rate at the time of absence and will not include shift differential pay. Paid time off for funeral/bereavement leave will not be counted as hours worked for the purposes of determining overtime.

Employees may, with their Department Director's approval, use available vacation leave for additional time off as necessary. Employees wishing to attend a funeral other than that of an immediate family member may use vacation leave or leave without pay. Sick leave shall not be used for attendance at a funeral.

Regular part-time Employees shall receive pay under this policy for the hours they were scheduled to work during the 3 workdays of the requested bereavement/funeral leave.

POLICY NO. 780.02 JURY DUTY LEAVE

The City of Kingsville encourages employees to fulfill their civic responsibilities by serving on a jury when required. Paid time off for Jury Leave will not be counted as time worked for the purposes of determining overtime, nor shall shift differential pay apply.

Jury Duty

Full-time employees qualify for paid jury duty leave. Employees must show the jury duty summons to their supervisor as soon as possible so that the supervisor may make arrangements to accommodate their absence. Jury duty pay is a benefit that will be calculated on the employee's base rate of pay for the number of hours the employee otherwise would have worked on the day of the absence. All Employees summoned for jury duty or eligible witness duty will be excused from work at least 1 hour prior to reporting for jury duty. Employees are expected to return to work whenever the court schedule permits or if released from court with work hours still remaining. Employees are allowed to keep any compensation received from the court for jury duty service.

Witness Duty

Job-Related: Part-time or full-time employees serving as a witness for a job-related event will receive paid time off for the period of witness duty. The subpoena must be shown to the employee's supervisor immediately upon receipt so that operating and schedule adjustments can be made to accommodate the absence.

Approved: August 28, 2006

POLICY NO. 780.04 VOTING LEAVE

It is the policy of the City to allow Employees short-term paid leaves of absence when work scheduling would prohibit participation as a voter in national, state, county, district, and municipal elections. The City encourages employees to fulfill their civic responsibilities by voting in elections. Generally, employees are able to find time to vote either before or after regular work hours. Department directors should encourage employees to use early voting in lieu of requesting special leave. If employees are unable to vote in an election during their non-working hours, the City will grant up to two (2) hours of paid time off to vote.

Employee should request time off to vote from their supervisor at least two (2) working days prior to the Election Day. Advance notice is required so that the necessary time off can be scheduled at the beginning or end of the work shift, or when the absence provides the least disruption. Voting time off will not be counted as time worked for the purposes of determining overtime.

POLICY NO. 780.05 ADMINISTRATIVE LEAVE FOR TRAINING OR OTHER CITY PURPOSES

In certain circumstances the Employee's Department Director may feel it is necessary or desirable for the Employee to attend training, professional conference, convention or civic function. Where the Employee's attendance at one of these functions is mandated by the City, the Employee will receive a paid leave of absence from the City for such attendance.

When the Employee attends a function voluntarily, it will up to the Department Director and City Manager to determine whether paid leave will be granted for purposes of the Employee's attendance. All paid leaves under this policy shall be subject to the approval of the City Manager.

Administrative leave for training or other City purpose that is for the benefit of the employer shall be counted as time worked for the purposes of calculating overtime.

POLICY NO. 780.06 ADMINISTRATIVE LEAVE WITHOUT PAY

When an Employee requires additional leave as a reasonable accommodation for impairment, illness, or disability, or when other appropriate circumstances make it desirable for the Employee to be granted a leave of absence, the Employee may, with the recommendation of the Employee's Department Director and the approval of the City Manager, be granted an unpaid leave of absence from the City after having exhausted all other eligible leave. During such periods of leave, the Employee will receive no wages or accruals of Employee benefits. In some cases, the Employee will be issued a COBRA notice with respect to the City's group health and dental plans.

Approved: August 28, 2006

POLICY NO. 780.07 ADMINISTRATIVE LEAVE - EMERGENCY SITUATIONS

Employees should never assume City offices will be closed. In the event of bad weather, such as hurricanes, instructions regarding the closing of City offices or facilities will be issued by the City Manager. The City Manager will determine which City personnel are "necessary or essential" and therefore will be required to work, despite the closing of any other City offices, during bad weather. Employees considered "necessary or essential" will be notified by their Department Directors prior to the closing of City offices. See Emergency Services Policy for more detailed information.

POLICY NO. 780.08 MILITARY LEAVE

Military Leave under the Uniformed Services Employment and Reemployment Rights Act ("USERRA")

As required by USERRA, the City will provide any Employee a leave of absence without pay to permit the Employee to enter the service of the Uniformed Services of the United States. "Service in the Uniformed Services" means the performance of duty, either voluntarily or involuntarily, in the uniformed services of the United States, including the National Guard. With regard to leave under USERRA:

- An Employee off on USERRA leave is entitled to an unpaid leave of absence. The Employee may use accrued paid vacation or other paid leave during the leave of absence to help cover the cost of the leave to the Employee.
- Upon reemployment, an Employee is entitled to the same "seniority rights" and benefits under a collective bargaining agreement as if the Employee had remained continuously employed during the period of USERRA leave. To the degree promotion opportunities were available during leave, the Employee will be put on the eligibility list (following passing the tests, etc.) in the same rank as the Employee would have held, but for the USERRA leave.
- Upon the Employee's return to work:
 - The Employee may elect continuing coverage for group health benefits for 24 months beginning on the date on which the person's absence begins; or the day after the date on which the person fails to apply for or return to a position of employment. A service member who elects to continue health-plan coverage may be required to pay not more than 102 percent of the full premium under the healthcare plan. In cases when service members perform service for less than 31 days, such person may not be required to pay more than the employee share, if any, for such coverage. The City shall give the Employee the appropriate notices and offer the opportunity to make an election for continuing coverage.
 - The Employee is entitled to continue to accrue benefits under the City's Texas Municipal Retirement System (TMRS) plan, and to make contributions to the plan on his own upon return to service, in an amount equal to those contributions that would have been made had the Employee not experienced a break in service because of USERRA leave. In other words, the Employee can make up contributions to the City's TMRS plan upon his or her return to work. Non-discretionary contributions of the City will be made to the plan upon return to work, as well as any discretionary matching contributions, assuming the Employee makes his or her contribution.

- Upon return to work, the Employee will be provided all seniority rights that the Employee would have earned if the Employee had been continuously employed. Vacation and Sick leave accrual rate placement shall depend on years of current City employment plus USERRA qualified military leave.
- USERRA rights under this policy are conditioned upon:
 - the leave of absence from employment is less than 5 years, unless federal law provides an exception;
 - the Employee is honorably discharged; and
 - the Employee re-applies for employment within either:
 - the first regular work day following 8-hours after discharge where the military service was less than 31 days in duration;
 - 14 days after discharge where service was for more than 30 days but less than 180 days; or
 - 90 days after discharge where service was for more than 180 days, but less than five (5) years.

POLICY NO. 801.00 CODE OF ETHICS

Refer to the most current City of Kingsville Code of Ethics Ordinance approved by City Commission. (Appendix E-1).

Approved: August 28, 2006

POLICY NO. 810.00 NO HARASSMENT POLICY

The City expressly prohibits harassment of and discrimination against Employees on the basis of race, color, sex, religion, national origin, disability, veteran status or any other status protected under local, state or federal law by managers, Employees or outsiders. We do so because we want to provide all of our Employees with a productive working environment. All Employees are responsible to conduct themselves in ways that ensure others are able to work in an atmosphere free from harassment of any kind.

Harassment Defined

An employee's intentions and motives are not the decisive factors in considering alleged harassment behavior. The effect of one employee's behavior upon another employee is the decisive factor. The welcomeness, frequency, and severity of the behavior determine whether or not harassment has occurred. Harassment shall be deemed to have occurred if the conduct or behavior:

- a. Has the purpose or effect of creating an intimidating, hostile, or offensive working environment;
- b. Has the purpose or effect of interfering with an employee's work performance; or
- c. Adversely affects an employee's employment opportunities.

Upon investigation and a determination that certain conduct constitutes harassment, the refusal of an employee to modify or cease such conduct shall be grounds for immediate termination. All decisions, determinations, or findings by the City regarding enforcement of this policy shall not be subject to review by the TEAM Review Process or appeal to the civil service commission.

How to Report Harassment

Allegations of harassment should be reported promptly to any Department Director. If the Employee feels uncomfortable in filing such a report, the Employee shall contact and file a statement with the Human Resources Department at 361-595-8018 or the City Legal Department at 361-595-8016.

Policy Statement

The City will not tolerate sexual harassment, or any other form of harassment, whether based upon race, color, sex, religion, national origin, disability, veteran status or any other status protected under federal, state or local law.

Who Is Covered?

In short, anybody an Employee encounters as he or she performs his or her job for the City is covered by this policy. This includes all applicants and Employees regardless of position, title, grade, seniority or function, as well as clients, temporaries, visitors, independent contractors and vendors. Nobody is immune from this policy.

What Is Unlawful Sexual Harassment?

Sexual harassment has been defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

- Submission to such conduct is either made explicitly or implicitly a term or condition of employment;
- Submission to or rejection of such conduct is used as the basis for employment decisions; or
- Such conduct has the purpose or effect of unreasonably interfering with the work environment or creating an intimidating, hostile or offensive work environment.

Sexual harassment can be subtle or direct. It usually involves different genders, but may be committed by someone of the same gender. Sexually harassing behavior may include intentional physical conduct that is sexual in nature, sexual jokes and innuendo, sexual advances or requests for sexual favors, propositions, verbal abuse of a sexual nature, commentary about an individual's body, sexual prowess or sexual deficiencies, leering, touching, sexually based

obscene comments or gestures, display of sexually suggestive objects or pictures and any other type of physical, verbal or visual conduct of a sexual nature.

Sexual harassment may occur through various methods including personal contact, in writing, over the telephone, over a cell phone, through cell phone pictures and videos, through e-mail, on the Intranet or Internet or through any other forms of communication devices. The means by which sexually harassing behavior is conducted does not change its inappropriateness. Sexual harassment will be disciplined, up to and including discharge.

Obligations of All Employees

It is an essential responsibility for every Employee to report any incidents of actual or perceived harassment. This includes harassment directly involving the Employee, or where the Employee is only a witness. Every Employee must consider the obligation to report harassment as an essential function of their job. Failure to report harassment of any co-worker will be disciplined, up to and including discharge.

Professional Environment

Our work environment is such that many individuals interact with each other every day. Differences of opinion, discomfort with personality traits, and even anger are inevitable. The City wants our workplace to be both interactive and professional. Tolerance of others is encouraged.

Statement of Harassment Required

Allegations of harassment may be reported in any manner that effectively communicates the message the Employee desires to send. This includes reporting in writing, orally, by e-mail, letter, memo or note or any other reasonable means. The City shall require a final statement in writing in order to have a clear and complete account of the Employee's perception of the situation. The most beneficial written reports will include at least:

1. The dates and times of all incidents of harassment;
2. The names of all harassers and victims;
3. A detailed factual description of the harassment; and
4. The names of all individuals present during the challenged conduct or who otherwise could corroborate or refute the facts alleged.

Employees should also remember that in resolving a problem of harassment, it may be beneficial with the assistance of the City to directly confront the harasser, clearly communicating what behavior is deemed unacceptable. In many instances, this alone will stop the undesirable behavior because the harasser does not realize the inappropriateness of his or her conduct. If the Employee does not feel that such a step is appropriate, however, the Employee should report the problem elsewhere, as previously discussed.

Investigations

In most cases, a prompt investigation will immediately follow the reporting of behavior believed to constitute unlawful harassment. Any such investigation will be designed to address the allegations made, but will usually include detailed interviews of the persons directly involved, witnesses, and review of any documentary items that tend to support or refute the allegations. The City shall determine the level of investigation necessary to support or refute the allegations.

Investigations will be kept as confidential as practical, but in keeping with the City's desire to conduct a thorough review of all facts and events.

Determinations

In instances where sufficient information is available, the City will promptly make factual and disciplinary determinations about the challenged conduct. However, an Employee should keep in mind that some inappropriate behavior is not reflected in documents or witnessed by other people. In those situations, individual credibility determinations will have to be made, and the City will strive to do its best at making those determinations correctly. All determinations will be based upon a totality of the circumstances then known to the City.

Discipline

Any Employee engaged in any form of harassment will be subject to discipline, up to and including discharge. This includes first-time offenders. All disciplinary decisions will be made on a case-by-case basis.

Retaliation

Any act of retaliation against an Employee who reports, participates in an investigation of sexual or other harassment or is otherwise involved in such an inquiry is strictly forbidden. Any Employee found to have retaliated against another person will be subject to discipline, up to and including discharge.

False Claims

Harassment is a very serious matter. Accordingly, while all legitimate claims of unlawful harassment must be reported, such claims must never be fabricated or lodged without the utmost sincerity. Any person found to have intentionally falsified a claim of harassment, or who lodges a claim for malicious or improper reasons, is subject to immediate discipline, up to and including discharge.

Consensual Romantic Relationships

Consensual relationships between Employees are unwise, and such relationships between a Department Director and his/her subordinates are strictly prohibited. Failed relationships provide the groundwork for one or both of the Employees to make allegations of harassment against the other. The only way to avoid this situation is not to engage in this type of behavior in the first place. The best policy is to keep your personal life private and out of the workplace.

Training

The City shall make available information or training for Employees on issues involving unlawful workplace harassment. This will entail various forms and methods designed to heighten your awareness and education on the subject. Every Employee should also keep and regularly review a copy of this policy.

POLICY NO. 820.00 NO RETALIATION POLICY

The City supports the Texas Commission on Human Rights Act, which protects a public Employee (under Subchapter B. Unlawful Employment Practices of Chapter 21. Employment Discrimination of the Texas Labor Code) who:

- (1) opposes a discriminatory practice;
- (2) makes or files a charge;
- (3) files a complaint; or
- (4) testifies, assists, or participates in any manner in an investigation, proceeding, or hearing.

POLICY NO. 830.00 SUBSTANCE ABUSE POLICY

Purpose

The City recognizes the problem of substance abuse (including illegal drugs and misuse of alcohol, prescription drugs and over-the-counter drugs) in our society. If unchecked in the workplace, this problem could adversely affect both the productivity and effectiveness of our business and the professional, personal and family lives of our employees. The City will strive to balance respect for individual privacy with the need to keep a safe and productive work environment; however, the City is committed to and will aggressively pursue the goal of this policy. The City **INTENDS TO MAINTAIN A SUBSTANCE ABUSE-FREE WORKPLACE**. With that basic goal in mind, the City establishes this policy with regard to use, possession, and sale of alcohol and drugs.

Prohibited Conduct

Illegal Drugs.

This policy prohibits any Employee from bringing onto City premises or property, having possession of, being under the influence of, or using, consuming, transferring, selling or attempting to sell or transfer, any form of illegal drug while on City business or at any time during the hours between the beginning and ending of the Employee's workday, whether on duty or not, and whether on City property or not. This policy further prohibits employees from having levels exceeding the applicable cut-off threshold for a positive result for illegal drugs in a specimen submitted for drug testing under this policy,

For purposes of this policy, an "illegal drug" is any drug (a) which is not legally obtainable; (b) which may be legally obtained but has not been legally obtained by the Employee; (c) which may be legally obtained but contains a substance that would trigger a positive result on a test drug administered under this policy; or (d) which is being used in a manner or for a purpose other than as prescribed for the Employee. Employees are responsible for the presence of illegal drugs in a positive test result whether or not the employee intended to ingest a prohibited substance and whether or not the employee believed he or she was ingesting a legal substance.

Alcohol

This policy prohibits any Employee from being under the influence of alcohol while on City business or at any time during the hours between the beginning and ending of the Employee's workday, whether on City property or not. For the purposes of this policy, an employee is considered under the influence of alcohol if there is credible evidence that the employee is exhibiting signs of alcohol intoxication or if the employee registers a blood alcohol concentration of .04 or higher on an alcohol test.

This policy also prohibits any Employee from bringing alcohol onto City premises or property or using, consuming, transferring, selling or attempting to sell or transfer alcohol while on City business or at any time during the hours between the beginning and ending of the Employee's workday, whether on City property or not, except as specifically authorized by the City.

Prescription and Over-the-Counter Drugs

This policy prohibits any Employee from abusing prescription medications or over-the-counter drugs while on City business or at any time during the hours between the beginning and ending of the Employee's workday, whether on duty or not, and whether on City property or not.

For purposes of this policy, "prescription or over-the-counter drug abuse" means taking medications that were prescribed for someone else; using prescription drugs or over-the-counter drugs for a purpose other than for which they were prescribed or manufactured, or other than in accordance with the doctor's instructions or recommended dosages.

Employees are expected to consult with their physicians regarding the effect of medications prescribed for them and to consult any package warnings for over-the-counter drugs. When an Employee is taking a prescription or over-the-counter drug that can or will have an effect on the Employee's normal mental and/or physical state or interfere with work such as operating vehicles, machinery, equipment, etc., the Employee must inform his or her immediate supervisor who will determine whether the employee is able to perform his or her job functions.

Substance Testing

The City shall require individuals to undergo drug or alcohol testing under the following circumstances:

1. Applicant Testing.

The City shall require any job applicant who has received a conditional offer of employment to undergo a drug and/or alcohol test as a condition of commencement of employment. If the job applicant refuses to undergo substance testing or has a confirmed positive test result, the conditional offer of employment will be withdrawn, and the individual will not be hired.

2. Reasonable Suspicion Testing.

The City shall require any Employee to undergo drug and/or alcohol testing if it has a reasonable suspicion that the Employee is using or has used drugs or alcohol in violation of this policy.

By way of example only, a "reasonable suspicion" for purposes of this policy may be based upon such circumstances as physical symptoms or manifestations of being under the influence of drugs or alcohol; direct observation of drug or alcohol use while at work or on duty; a reliable, credible and independently corroborated report of drug or alcohol use while at work or on duty; evidence that an individual has tampered with a drug or alcohol test during his or her employment with the City; or evidence that the Employee is involved in the use, possession, sale, solicitation or transfer of drugs while on duty or while on City premises or operating the City's vehicles, machinery or equipment.

3. Post-Accident Testing.

Any employee involved in or contributing to an on-the-job accident or incident causing injury to the employee or to another person or to property under circumstances that suggest possible use or influence of drugs or alcohol in the incident may be required to submit to a drug and/or alcohol test.

4. Random Testing.

Employees in positions requiring the performance of City safety-sensitive functions and employees in positions requiring a commercial driver's license are subject to random testing. The selection of employees for random controlled substance and alcohol testing will be made by a scientifically valid method. Under the selection process, each employee will have an equal chance of being tested each time selections are made and the City will not have the discretion to waive the selection of any Employee.

Safety sensitive positions involve job duties which, if performed with inattentiveness, errors in judgment, or diminished coordination, dexterity, or composure, may result in mistakes that could present a real and/or imminent threat to the personal health and safety of the employee, co-workers, and/or the public. These job duties include, but are not limited to: driving vehicles requiring a commercial driver license; operating machinery (i.e. heavy equipment, hazardous tools, etc.); maintenance of vehicles and equipment; transporting people; carrying a weapon in performance of essential job functions; ensuring the direct safety and protection of others and property, such as functions performed by lifeguards, police officers, firefighters, etc.).

Safety-sensitive positions subject to random testing under this policy shall be evaluated annually by the Human Resource Department.

5. Return-to-Duty and Follow-Up Testing.

The City shall require any Employee to undergo drug and/or alcohol testing without prior notice following a prior confirmed positive test. The City is not obligated to reinstate or rehire any employee who violates this policy. Should the City decide to reinstate, the individual will require evaluation by a Substance Abuse Professional (SAP) or qualified program and be subject to follow-up testing at the employee's expense.

6. Scheduled, Periodic Testing.

The City shall require any Employee to undergo drug and/or alcohol testing as part of a routinely scheduled fitness-for-duty medical exam to the extent such an exam is regularly conducted on the Employee. Also, Employees shall be required to undergo drug and/or alcohol testing which is routinely scheduled for all members of the Employee's classification or group. The City shall follow applicable federal regulations for employees required to possess commercial driver's licenses. Commercial drivers will be classified for U.S. Department of Transportation (DOT) drug testing purposes and for the City to maintain required documentation.

Testing Methods

Initial tests for alcohol will be conducted primarily using breath or saliva samples (blood samples may be used in limited situations). Initial tests for drugs will be conducted primarily using urinalysis (blood samples may be used in limited situations).

If an applicant or Employee has a confirmed positive drug test result, the individual may explain the test results in confidence to the Medical Review Officer. An applicant or Employee who has received a positive drug test result may also request a retest of the same specimen in order to challenge the results of a positive test; however, the individual shall pay all costs of the retest, unless the retest reverses the findings of the challenged positive test, in which case the City shall reimburse the individual for the costs of the retest.

All samples will be collected in a manner that is designed to protect, to the fullest extent possible, the individual privacy of Employees. Employees will not be subject to direct observation while rendering urine samples; however, if there is a valid suspicion that the Employee has tampered with a sample, preventive measures will be employed. If an Employee provides a sample that contains confirmed evidence of any form of tampering or substitution, this shall constitute a refusal to be tested and the Employee shall be subject to discipline in accordance with this policy.

All records and results pertaining to substance screening shall be maintained by the City as "Confidential" in the same manner as medical records. Any applicant or Employee who wishes to obtain information or records related to their individual drug or alcohol test may, however, have access to those records upon written request to the Human Resources Department.

Employee Notification of Criminal Drug Conviction or License Suspension

In accordance with the federal Drug-free Workplace Act, any Employee who is convicted of a violation of a criminal drug statute involving an on-duty or off-duty incident must notify the City within five days of conviction. Also, any employee whose driver's license is suspended must notify the City within five (5) days of receiving notice of suspension.

Employee Education and Assistance Program

In an effort to help Employees understand the issues surrounding substance abuse, the City has established an ongoing education program. This program includes information about the dangers of substance abuse, the City's Substance Abuse Policy, information about treatment services available and the penalties for violation of the Substance Abuse Policy.

The City also provides drug and alcohol dependency evaluation and referral services for substance abuse counseling, treatment and rehabilitation as part of an Employee Assistance Program. Employees are encouraged to seek assistance through this program. An Employee's decision to seek assistance from the Employee Assistance Program will not be used as the basis for disciplinary action prior to administering an alcohol or drug test which produces a positive result or other violation of this Policy. Conversely, using the Employee Assistance Program will not be considered a defense to imposition of disciplinary action in the event of a positive drug test or other violation of this Policy outside of the Employee Assistance Program.

Depending on the circumstances, the City may suspend the imposition of disciplinary action subject to an Employee's successful participation and completion in an alcohol or drug dependency treatment or rehabilitation program, but such suspension of disciplinary action shall be in the sole discretion of the City. No Employee shall be able to avoid disciplinary action for violation of this Policy if employee does not meet the standards of job performance established for their position even if the individual's lack of performance is due to alcoholism or drug dependency.

Consequences of Failure to Comply with this Policy

Any applicant who has been made a conditional offer of employment and who refuses to undergo substance testing or who has a confirmed positive result shall not be hired by the City. Any Employee who violates any provision of this Policy shall be subject to discipline up to and including discharge from employment, even for the first offense. This shall include any use, possession or sale of illegal drugs as prohibited by this Policy; any use or abuse of alcohol as prohibited by this Policy; and any prescription or over-the-counter drug abuse as prohibited by this Policy.

If a person is separated for violations of this policy, the individual may apply for rehire after completion of a treatment program. An Employee rehired after violation of this policy will be subject to an individual schedule of random testing as determined by the treatment program. If the Employee tests positive in a follow-up test the Employee will be terminated. This mandatory termination provision shall also include any refusal to submit to an alcohol or a drug test required by the City as outlined and in compliance with this Policy or any delay in submitting to such a test when requested.

The City of Kingsville does not tolerate any use of non-prescribed drugs or alcohol. If an employee reports to work under the influence of drugs or alcohol or uses drugs or alcohol while on City business or at any time during the hours between the beginning and ending of the Employee's workday, whether on City property or not, disciplinary action will be taken up to and including termination of employment.

All decisions, determinations, or findings by the City regarding enforcement or administration of this policy shall not be subject to review by the TEAM Review Process or appeal to the civil service commission.

Compliance with Applicable Law

To the extent any portion of this Policy is determined to be contrary to the requirements of any applicable federal or state statutes, rules or regulations, it is the intent of the City to conduct its program prohibiting alcohol and drug abuse in the workplace and any alcohol or substance screening in connection therewith in

accordance with those legal guidelines, and the City shall do so even if this Policy has not been modified to address such inconsistencies.

Responsibility for Administration

This Policy shall be uniformly administered to ensure fairness to all Employees of the City. The Human Resource Department is responsible for administering this Policy. This responsibility includes: (1) communicating the Policy to all Employees; (2) disseminating drug and alcohol awareness information and making information regarding the Employee Assistance Program available to all Employees; (3) providing appropriate training to Department Director personnel; and (4) administering this Policy fairly and consistently throughout the City. The City will provide advisory and technical assistance and is responsible for insuring uniform administration of the Policy throughout the City.

City employees demonstrate pride and a commitment to quality customer service by ensuring a continuation of public services during the essential periods of every emergency or disaster. This policy sets out responsibilities of City employees before, during, and after disasters to ensure that City employees function as a team in restoring City services.

II. Scope

This policy applies to all City employees who in the course and scope of their employment provide services for the benefit of the general public during emergency situations that threaten the safety of the citizens of Kingsville. Effective upon approval of this policy, as revised, all City job descriptions are hereby amended to require current City employees to provide services in the course and scope of their employment for the benefit of the general public during emergency situations that threaten the safety of the citizens of Kingsville.

If conflicts arise between the Policy and Police and Fire Collective Bargaining Agreements, the applicable agreement shall govern.

III. Application

This policy will be in effect whenever the City Manager, or designee, in accordance with the City Emergency Preparedness Plan, declares that emergency conditions warrant it, either in preparation for, or as a reaction to, one or more disastrous events such as: a civil disturbance, hurricane, tornado, earthquake, flood, ice storm, fire, chemical accident including a hazardous material spill, possible public exposure to hazardous conditions, or other disasters which threaten the safety of the citizens of Kingsville.

IV. Position Designation And Responsibilities

All employees of the City of Kingsville hold essential services positions and, as part of the City's Emergency Response Team, provide services in the course and scope of their employment for the benefit of the general public during emergency situations that threaten the safety of the citizens of Kingsville. All city employees may be required to work immediately before, during, or immediately after an emergency or disaster as required by the circumstances, unless a waiver is requested and approved as per section VII of this policy.

V. Readiness Conditions

The procedures of the Emergency Services Policy will correspond to the increased readiness actions in the Emergency Preparedness Plan. The City Manager or designee will notify departments of any change in readiness conditions. Hazardous conditions include, but are not limited to, one or more disastrous events, such as: a civil disturbance, hurricane, tornado, earthquake, flood, ice storm, fire, chemical accident including a hazardous material spill, possible public exposure to hazardous conditions, or other disasters which threaten the safety of the citizens of Kingsville.

Basic Readiness Ongoing Phase – Customer Service and responsiveness is the daily job of all City employees. Employees of the City of Kingsville are responsible to the citizens of Kingsville for providing for their safety, health and welfare in the event of a state of emergency or disaster.

- A. Basic readiness requires City employees to know their functions and responsibilities in a disaster. City management will maintain minimal basic emergency response equipment and supplies as required of the applicable department.

Department Heads will review policies and procedures with all employees on or before May 15th of each year. The Department Head, or designee, will (a) provide each employee with a copy of the Emergency Services Policy, (b) obtain signed and correctly completed Acknowledgement Forms (Appendix F-1), and (c) verify that each employee has an up-to-date Employee Identification Card.

- B. Increased Awareness Phase (Readiness Condition 4) A higher degree of readiness is needed than is normally present. The condition can occur at any moment due to the probability of a hazardous condition. This condition will automatically be in effect during hurricane season, June 1 through November 30.

The Risk Manager will initiate general increased readiness activities.

The department heads will review their respective Standard Operating Procedures and advise the Risk Manager of any changes.

Department Heads will ensure personnel are aware of readiness conditions.

A Department Head may set a higher condition anytime when considered necessary (with the permission of the City Manager or designee). Departments will notify the Risk Manager when setting a higher readiness condition.

- C. Watch Phase (Readiness Condition 3) – Indicates the existence of a potential danger that could develop into a hazardous condition requiring a higher degree of readiness than Condition 4, but is not an immediate threat to life or property. The hazardous condition has the probability of requiring moving into Readiness Condition 2.

Department Heads will conduct briefings with their staff and check readiness of equipment, supplies and facilities. Departments should correct deficiencies and begin securing equipment and property.

Supervisors will review policies and procedures with City employees. The reviews will address work schedules, special equipment availability, notification of last minute changes, and the process to be used to contact employees after shift hours and on weekends.

Employees will review procedures with their families and inform them of the probability of Readiness Condition 2 and make final arrangements. It is the responsibility of the employee to be ready for Readiness Condition 2.

Supervisors and employees will be allowed to secure their homes and belongings during this Phase as approved by the Department Head, or designee, by taking sick or vacation leave.

- D. Warning Phase – (Readiness Condition 2)

A situation has definite characteristics of becoming hazardous, and there is significant probability of injury and/or property damage.

The City Manager will declare that the Emergency Services Policy is in effect.

City Property will be secured and protected.

Other actions will be taken as necessary in individual departments as required by the Emergency Operating Plan (EOP) and departmental Standard Operating Procedures (SOP).

The Phase will begin at the same time throughout the City, but it may end at different times in different departments.

Employees will remain at work until dismissed by their supervisor in accordance with the department's operational demands or Hurricane Standard Operating Procedure.

The City employee shelter will be opened and made ready with supplies, food, equipment needed. City employees will be advised of the shelter location and opening time.

Department Heads will reassess on a case-by-case basis all approved vacation leave requests for employees who are off duty on vacation or personal leave at the time the Emergency Services Policy is activated (Warning Phase) and will use discretion in deciding to cancel, re-approve, or reschedule the leave.

Employees who are scheduled for approved vacation or personal leave that runs concurrently with the time for activation of the Emergency Services Policy (Warning Phase) will have such leave automatically cancelled. At the discretion of the Department Head, such leave may be rescheduled or re-approved on a case-by-case basis based on individual circumstances and operational needs.

Employees who are on approved leave and are outside the city limits of the City of Kingsville, upon learning of the Mayor, or City Manager, or designee, opening the Emergency Operations center, are responsible for calling in to their Department Heads, or designees, at the applicable department or the Emergency Operations Center. Based on circumstances, the Department Head may use discretion to cancel or re-approve such leave.

If the employee is out of state or country, and does not learn of the opening of the Emergency Operations Center from available media, he/she will not know to call in. Under such circumstances the employee's approved leave will not be cancelled.

- E. Essential Services Phase – (Readiness Condition 1) A hazardous condition is imminent or has occurred. Events such as a civil disturbance, hurricane, tornado, earthquake, flood, ice storm, fire, chemical accident including a hazardous material spill, possible public exposure to hazardous conditions, or other disasters that threaten the safety of Kingsville's citizens will result in declaration of Readiness Condition 1.
1. The availability of City employees to work is necessary for the benefit of the general public immediately before, during, and/or immediately after the emergency. Waivers are granted only for the Essential Services Phase of an emergency and/or disaster. Employees who receive an approved waiver are still required to work before and after an emergency and/or disaster.

Employees who cannot report at the start of the next normal shift must call in, or otherwise contact their supervisor, or designee, at or before the time the employee's shift begins, or in no case later than 4 hours after the time the employee's shift begins.

Employees must make every attempt within reason to contact their supervisor, or designee, to report their inability to report to work and request authorized leave.

Mitigating circumstances that prohibit the employee from calling in, or reporting to duty at the next normal shift, will be considered on a case-by-case basis based on the facts of each circumstance.

Failure of employees to call in or otherwise contact their supervisor, or designee, will result in the leave being designated "unauthorized without pay", and subject the employee to disciplinary action up to and including termination depending on the circumstances and if such action is approved by the Director of Personnel and City Manager.

Employees should contact their supervisor to obtain information on the Return-to Duty Phase.

POLICY NO. 890.08 TELEPHONE USE, CELLULAR PHONES AND PAGERS

This policy outlines the use of office phones, personal cell phones and pagers at work, the personal use of City provided cell phones and pagers and the safe use of cell phones by employees while driving. ***Employees are encouraged to follow and use safe practices when placing or accepting calls or checking messages.***

Procedures:**1. Telephone Use**

The City recognizes that employees will occasionally need to place and receive personal phone calls during the workday. In all cases personal calls should be minimal, whether the calls are placed and received using City phones or personal phones. Receiving and placing excessive calls is disruptive to others. Therefore, abuse is subject to disciplinary action.

While at work employees are expected to exercise discretion in using City phones. Excessive personal calls during the workday, regardless of the phone used, can interfere with employee productivity and be distracting to others. A reasonable standard the City encourages is to limit personal calls during work time. Employees are therefore asked to make any other personal calls during non-work time when possible and to ensure that friends and family members are aware of the City's policy. Flexibility will be provided in circumstances demanding immediate attention.

Employees that make long distance personal calls shall be required to pay for said calls at a rate specified by the Finance Department. The employee will be asked to reimburse the City by cash or check for any personal long distance calls placed and charged to the City. Payments shall be submitted to the Collection's Division located on the 1st floor of City Hall. The receipt issued by Collections must accompany the copy of the phone bill and be submitted to the Finance Department. Mark personal calls on your bills in such a way as to easily distinguish business calls from personal calls (i.e. highlighting personal calls).

Note:

- The Finance Department maintains a list of account codes needed when making a payment to the Collection's Division. Please obtain the account code for your department *prior* to making a payment to ensure you receive proper credit.

If no personal calls appear on the phone bill, note on the bill *no personal calls*. The phone bill shall be forwarded to the Finance Department. The information shall be submitted within seven (7) working days of receiving a phone bill for review.

2. Personal Cellular Phones

While at work employees are expected to exercise the same discretion in using personal cellular phones as is expected for the use of City phones. Excessive personal calls during the workday, regardless of the phone used, can interfere with employee productivity and be distracting to others. A reasonable standard the City encourages is to limit personal calls during work time. Employees are therefore asked to make any other personal calls during non-work time when possible and to ensure that friends and family members are aware of the City's policy. Flexibility will be provided in circumstances demanding immediate attention.

The City will not be liable for the loss of personal cellular phones brought into the workplace.

3. Personal Use of City-Provided Cellular Phones

Where job or business needs demand immediate access to an employee, the City may issue a business cell phone to an employee for work-related communications. The City provides the cell phone and cell phone plan allowing the employee a sufficient amount of talk time to be accessible to the City's needs.

Employees that make or receive personal calls shall be required to pay for said calls at a rate specified by the Finance Department. The employee will be asked to reimburse the City by cash or check for any personal calls placed or received. Payments shall be submitted to the Collection's Division located on the 1st floor of City Hall. The receipt issued by Collections must accompany the copy of the cell phone bill and be submitted to the Finance Department. Mark personal calls on your bills in such a way as to easily distinguish business calls from personal calls (i.e. highlight personal calls).

Note:

- The Finance Department maintains a list of account codes needed when making a payment to the Collection's Division. Please obtain the account code for your department *prior* to making a payment to ensure you receive proper credit.

If no personal calls appear on the cell phone bill, note on the cell phone bill *no personal calls*. The cell phone bill shall be forwarded to the Finance Department. The information shall be submitted within seven (7) working days of receiving a cell phone bill for review.

Employees in possession of City equipment such as cellular phones are expected to protect the equipment from loss, damage or theft. Upon resignation or termination of employment, or at any time upon request, the employee may be asked to produce the phone for return or inspection. Employees unable to present the phone in good working condition within the time period requested (i.e. 24 hours) may be expected to bear the uninsured cost of a replacement.

Employees who separate from employment with outstanding debts for equipment loss or unauthorized charges will be considered to have left employment on unsatisfactory terms and may be subject to legal action for recovery of the loss.

Employees are to limit directory assistance usage and other features that cause additional expenses besides the normal monthly plan rates. Any invoices that indicate overages in plan usage shall be reviewed by the City Manager or his designee. The City shall not be responsible for charges related to abuse of phone usage. Employees will be requested to reimburse the City for overages that cannot be substantiated by the employee. Disciplinary action will be taken for unauthorized use of City property.

4. Safety Issues for Cellular Phone Use

Employees whose job responsibilities include regular or occasional driving and who are issued a cell phone for business use are expected to refrain from using their phone while driving. Safety must come before all other concerns. Regardless of the circumstances, including slow or stopped traffic, employees are strongly encouraged to pull off to the side of the road and safely stop the vehicle before placing or accepting a call. If acceptance of a call is unavoidable and pulling over is not an option, employees are expected to keep the call short, use hands-free options if available, refrain from discussion of complicated or emotional discussions and keep their eyes on the road. Special care should be taken in situations where there is traffic, inclement weather or the employee is driving in an unfamiliar area.

Employees whose job responsibilities do not specifically include driving as an essential function, but who are issued a cell phone for business use, are also expected to abide by the provisions above. Under no circumstances are employees allowed to place themselves or others at risk to fulfill business needs of responding to phone calls.

5. Personal Pagers

While at work employees are expected to exercise the same discretion in using personal pagers as is expected for the use of City pagers. Excessive personal pages resulting in personal phone calls during the workday can interfere with employee productivity and be distracting to others. Employees are asked to limit personal phone calls to non-work time and to ensure that friends and family members are aware of the City's policy. Flexibility will be provided in circumstances demanding immediate attention.

The City will not be liable for the loss of personal pagers brought into the workplace.

6. Personal Use of City-Provided Pagers

Where job or business needs demand immediate access to an employee, the City may issue a business pager to an employee for work-related communications.

Employees in possession of City equipment such as pagers are expected to protect the equipment from loss, damage or theft. Upon resignation or termination of employment, or at any time upon request, the employee may be asked to produce the pager for return or inspection. Employees unable to present the pager in good working condition within the time period requested (i.e. 24 hours) may be expected to bear the uninsured cost of a replacement.

Employees who separate from employment with outstanding debts for equipment loss or unauthorized charges will be considered to have left employment on unsatisfactory terms and may be subject to legal action for recovery of the loss.

As a public employer and as public employees who are entrusted with the responsibility of administering public funds efficiently, the City of Kingsville and its employees must ensure that City property, equipment, and facilities are utilized for the sole purpose of providing services to the citizens of Kingsville. The use of City property, equipment, or facility for personal business or gain is strictly forbidden and any such action could result in immediate termination.

Employees who violate this policy and/or any other City policy shall be subject to disciplinary action up to and including termination of employment.

POLICY NO. 890.12 MOTHER FRIENDLY POLICY

Statement of Purpose

This policy establishes a "Mother-Friendly" employee worksite breastfeeding support program at the City of Kingsville (City) in accordance with Texas Government Code Chapter 619 and Texas Health and Safety Code Chapter 165. The program provides a work environment that is supportive of lactating employees in accordance with federal and state law. The benefits of the program include increased attendance due to less time lost, reduced turnover because of a mother opting not to return to work to breastfeed, and increased morale.

Health Rationale

The American Academy of Pediatrics (AAP) affirms the benefits of breastfeeding for the health of newborns during their development.

Culture of Tolerance

The City encourages employees and management to have a positive, accepting attitude toward lactating employees. The City promotes and supports breastfeeding and the expression of breastmilk by employees who are breastfeeding when they return to work. The City provides access to information to all employees about the benefits of breastfeeding and the City's policy supporting an employee's choice to breastfeed.

This policy is to ensure that supervisors and employees are supportive of employees' needs relating to integrating breastfeeding with the employee's work environment.

Policy Dissemination

The City will disseminate the **Mother Friendly Policy** to every incoming and current employee.

Supervisors are responsible for alerting pregnant and breastfeeding employees about this policy prior to, and upon return from, an employee's period of leave for the reason of childbirth.

Supervisor Responsibility

It is the supervisor's responsibility to provide support and information to the employee desiring to express milk at work and to notify Human Resources. This support includes providing necessary break times and appropriate spaces for expressing breast milk. The supervisor sets the tone for an environment of support that enables mothers to feel comfortable and confident using lactation services.

Employee Responsibility

Employees who wish to express their milk during the workday shall keep supervisors informed of their needs so that appropriate arrangements can be made to satisfy the needs of both the employee and the City.

Program Components

Time

The City will provide flexible scheduling to covered employees to accommodate a reasonable amount of break time for an employee to express breast milk each time the employee has need to express the milk. Employees are considered covered employees for a period of one year following the birth of a child. Supervisors shall grant covered employees a break from duties to express breast milk each time the employee has need to express the milk. Covered employees may use a combination of any paid break periods, lunch periods, and other requested unpaid break times, as necessary. Supervisors will collaborate

with employees to schedule these breaks on a case-by-case basis to accommodate the milk-expression needs of the employee.

Education

Educational support will be provided by the City's Human Resources Department and will include providing educational information about breastfeeding and returning to work to employees at the initiation of or upon return from maternity leave.

Space

The City shall provide a place, other than a bathroom, that is shielded from view and free from intrusion from other employees and the public where the employee can express breast milk.

When dedicated space is not feasible or available, the City will provide a mixed-use space for covered employees. In this situation, covered employees will have priority over all other business uses of the space. Provided space will be a reasonable distance to a source of clean, safe water and a sink, shielded from view, and free from intrusion from other employees and the public, with suitable seating.

There are additional options for nursing mothers to express milk, including the employee's own office, if it is private and has a lock, or the office of a coworker or supervisor, a conference room, or other small private area that has a lock, is free from intrusion, and not in use.

Storage

If a City refrigerator is utilized for storage of expressed milk, the employee's bottles or closed containers should be clearly labeled with the employee's name. Storage in a City refrigerator is limited to no longer than the end of the business day when it is expressed. Should employer-provided facilities not be available, an employee may store milk in their own personal cooler.

Employees storing milk in the City refrigerator assume all responsibility for the safety of the milk and the risk of harm for any reason, including improper storage, refrigeration, and tampering.

Construction and Interpretation

Employees who have questions concerning the interpretation of application of this should be directed to the Human Resource Department.

Non-Discrimination

The City shall not discriminate in any way against an employee who chooses to express breast milk in the workplace. Encouraging or allowing a work environment that is hostile to the right of breastfeeding employees to take leave for the purpose of expressing breast milk is strictly forbidden, and any employee violating this provision will be subject to disciplinary action, up to and including termination of employment.

Exception/Change

This policy supersedes all previous policies covering the same or similar topic. Only the Human Resource Director or the City Manager may grant any exception to this policy. This policy may be reviewed and changed at any time.

Policy	Page

POLICY NO. 910.00 DISCIPLINARY PROCESS

It is the policy of the City to maintain an effective, productive, and disciplined work force in order to deliver quality and adequate services to the citizens of Kingsville. Each Employee is responsible for performing his job in a safe, productive, and effective way and within the instructions and standards established by his/her Department Director. In addition, Employees are expected to maintain acceptable standards of conduct in their employment. Department Directors are responsible for instructing Employees in job duties and responsibilities and communicating performance standards for the job. Department Directors accomplish this through job orientation, job instruction, coaching and informal discussions with the Employee.

This policy applies to non-probationary full time Employees. Those Employees governed by the provisions of Chapter 143 of the Texas Local Government Code (Civil Service), the City Manager, City Attorney, Municipal Judge, persons employed by an employment agreement signed by the City Manager, probationary, temporary, and seasonal Employees shall be exempted for the application of this policy, unless specifically stated otherwise herein. However, an opportunity for a response and hearing shall be afforded such Employees when the conduct charged has been publicized by the City to the extent that the reputation of the Employee is brought into dispute or the conduct charged constitutes the exercise of a constitutional right. The purpose of this policy is to give direction to Department Directors only. It confers no contractual or property rights upon any Employee, and all Employees are employed strictly on an at-will basis.

Procedures

These administrative procedures are established to provide appropriate guidelines in carrying out the policies of the City regarding the progressive disciplinary program. They are intended to address general application of the principles of disciplinary actions in typical situations. Disciplinary actions should recognize the importance of the City's responsibility to provide quality service delivery to the citizens. These procedures address a broad range of performance of duties and conduct problems. However, they are not intended to address every problem or situation which might arise. It is the responsibility of the Department Director to determine the nature, extent, facts and circumstances in each disciplinary action and use judgment in the application of these policies and procedures.

If an Employee demonstrates unsatisfactory performance of duties or unsatisfactory conduct problems, disciplinary actions are designed to help the Employee correct the problem and build a renewed commitment to the City and his job in an equitable and consistent manner.

Definitions for purposes of these Procedures shall be as follows:

Whenever the terms "Director of Human Resources or designee" or "authorized representative of the Department of Human Resources" are used, they shall mean the Director of Human Resources or, upon his absence or act of designation, the Human Resources Coordinator.

Whenever the term "Department Director" is used, it shall mean that person who is responsible for hiring the Employee and administering performance evaluations and disciplinary actions for that Employee.

General Criteria Governing Disciplinary Action

The Department Director may consider the following criteria in determining what disciplinary action is to be taken:

- Severity and kind of offense(s)
- Impact of the offense(s) on other Employees, the City and citizens
- Employee's length of service and work record
- Period of time since discussion with the Employee about a similar problem or recent disciplinary action for the same or similar problem

All or a combination of the following disciplinary measures may be taken depending upon the particular circumstances surrounding the Employee's conduct.

If a Department Director determines that the nature, severity and impact of the Employee's action(s) require severe disciplinary action, he should thoroughly investigate the situation, discuss it with and obtain approval of the Director of Human Resources prior to taking any action.

Responsibility and Authority Regarding Disciplinary Action

Department Directors are responsible for enforcing all City policies and procedures, accomplishing the goals and objectives of a division or department and maintaining the work performance, attendance and conduct standards among their Employees. They are vested with the authority to take appropriate disciplinary action under the directions and guidelines set forth in these procedures.

- The City Manager or Department Director or designated supervisor may issue an oral or written reprimand to an Employee under his responsibility, place an Employee on an Employee Action Plan, suspend an Employee without pay, or dismiss an Employee.
- Prior to any disciplinary action being administered, the Department Director will conduct a thorough examination of the situation before deciding to take any disciplinary action.
- All proposed disciplinary progress periods, suspensions or terminations shall be reviewed by the Director of Human Resources or his designee prior to any formal action being taken.
- All disciplinary actions for written reprimands, suspensions, Employee Action Plans and terminations will be properly documented, substantiating the action being taken and copies of documents required by this policy will be included in the Human Resources Department files.
- If a serious problem arises endangering the safety, health, or life of the Employee, another Employee, or citizen, the Department Director will immediately notify the City Manager and the Director of Human Resources. The City Manager has the authority to immediately place the Employee on administrative leave with or without pay. This will allow time to investigate, determine appropriate action and discuss alternate actions prior to formal action being taken.
- The City Manager and Assistant City Manager shall have authority to discipline a Department Director, or other direct reporting subordinate.

Examples of Conduct Subject to Disciplinary Action

Coaching and informal discussions are everyday responsibilities performed by Department Directors to ensure Employees are performing their jobs and conducting themselves in an acceptable manner. If a work performance, attendance, or conduct problem arises, the Department Director may coach and informally discuss the problem with the Employee. The objective is to assist the Employee in recognizing that a problem exists and develop effective solutions to correct the problem. Normally, the Employee corrects most problems in this manner. However, when informal discussions fail to bring about the appropriate changes in the Employee's behavior, formal disciplinary action may be taken.

The following actions are intended to be descriptive of reasons for disciplinary action and serve only as a guide to the types of problems for which disciplinary action, up to and including termination, may be appropriate. These disciplinary procedures are not intended to establish a policy of progressive discipline and shall in no way prevent the Department Director from taking appropriate disciplinary action when the severity of the violation(s) warrants such action. The following are intended to be descriptive and serve only as a guide to the types of disciplinary responses which may be appropriate. This listing is not intended to be exhaustive or exclusive:

Reprimands

Oral Reprimand

- The Department Director shall discuss the situation with the Employee in private and make every effort to discover the reason(s) for the Employee's performance and advise the Employee of the necessary changes in his behavior to correct the problem.
- A report concerning the discussion and specific actions and agreements to correct the problem will be prepared by the Department Director for inclusion in the Employee's personnel file. (Appendix H-1)

The reprimand shall remain in the employee's personnel file.

Written Reprimand

The written reprimand (Appendix H-2) shall be issued by the Department Director when the Employee has demonstrated an inability to perform his job duties, or has had more than two unexcused absences or personal conduct problems. An Employee who demonstrates significant inability to perform his duties or a serious personal conduct problem may be issued a written reprimand without having been issued an oral reprimand or having discussed the problem with the Department Director. It is recommended that a written reminder or reprimand include the following information:

- The reason for the reprimand, including previous oral reprimands or informal discussion for the same or other violations.
- The effective date or dates of the reprimand.
- The specific change in behavior expected by the Department Director.
- The time frame allowed for improvement to occur.

A copy of the report shall be forwarded immediately to the Employee's official file in the Human Resources Department, the City Manager and the Employee.

Disciplinary Progress

Differences in the nature of the work unit, type of work performed, the type of performance problem and the severity of the impact on the organization, may require that different disciplinary actions be available that are responsive to both the needs of the Employees and the needs of the organization.

When the job performance of an Employee falls below the acceptable level, Department Directors should point out deficiencies to the Employee at the time they are observed. An Employee who continues to perform below the acceptable level may be placed on a formal program designed to improve performance. The Department Director should communicate this to the Employee orally and by presenting him with a memorandum (Employee Action Plan) including the following:

- The specific deficiencies observed in the Employee's performance of duties.
- The actions necessary to bring about improvement.
- The period of time in which improvement must occur.
- The specific dates and times during this period at which the Department Director shall meet with the Employee and discuss his progress in improving his performance.
- What further action will result if the Employee fails to show satisfactory improvement?

The Employee Action Plan should be signed by both the Employee and the Department Director. The Employee should understand that his signature indicates receipt of the document only, not necessarily acceptance of its contents. If the Employee refuses to sign, the Department Director should have a witness sign that a copy was given to the Employee. The original Employee Action Plan shall be placed in the Employee's permanent personnel file maintained in the Human Resources Department, and a copy given to the Employee.

If an Employee fails to demonstrate the necessary improvement as required in the Employee Action Plan upon completion of the disciplinary progress period, the Department Director may reassign, demote or dismiss the Employee.

If an Employee demonstrates sufficient improvement as required in the Employee Action Plan, the Department Director will discuss the improvements with the Employee and monitor the Employee's performance.

Nothing shall preclude a Department Director from proposing disciplinary action when an Employee commits an act of serious personal misconduct even though the Employee is completing an Employee Action Plan.

Suspension without Pay

- A Department Director may recommend a suspension without pay for up to 30 days. In determining the length of the suspension, the Department Director should consider the nature and severity of the conduct, impact on the organization and previous disciplinary actions. No disciplinary suspension or combination of suspensions will exceed 30 working days in a 12-month period. All proposed suspensions without pay will require the approval of the City Manager.
- Before an Employee is suspended, notice of the proposed disciplinary action shall be given to the Employee. The Employee may respond to the Department Director proposing the suspension within two (2) working days. While the response may be in oral or written form, the Department Director shall ensure that a face-to-face meeting with the Employee occurs to review the response, giving the Employee the opportunity to present facts on his behalf. After such response is made, the Department Director shall consider the response and render a written decision to the Employee.
- Even if the Employee fails to respond, he may be suspended without pay on the next day following the expiration of two (2) working days from the date of service of the notice of disciplinary action or as soon thereafter as determined convenient for the Department by the Department Director and as approved by the Director of Human Resources.
- In the event the Employee chooses to respond, and after reviewing the testimony and evidence presented by the Employee, if the Department Director decides the proposed suspension remains appropriate, the Employee shall be suspended without pay.
- An Employee who is suspended may request a hearing to review the action in accordance with the TEAM Review Process, even if he did not choose to respond to the proposed action.

Termination

A Department Director may propose that the Employee be dismissed from employment with the City. A Department Director proposing a dismissal must provide clear, specific and detailed justification for an action of dismissal. All dismissals will be reviewed by the Director of Human Resources and the City Attorney prior to action. The City Manager shall have final approval on all terminations.

With the exception of terminations that implicate an Employee's rights under the United States Constitution, upon the concurrent approval of the City Manager and City Attorney, after consultation with the Director of Human Resources, the City Manager may deviate from any or all of these procedures and summarily dismiss any Employee at any time for any reason or for no reason, with or without a hearing.

Probationary Employees

A probationary Employee may be disciplined or dismissed for any reason or for no reason without being afforded a hearing.

Approved: August 28, 2006

POLICY NO. 920.00 DISCIPLINARY ACTION HEARING AND APPEAL

It is the policy of the City to give individual employees an opportunity for a hearing regarding, disciplinary suspensions or demotions. TEAM Review hearings as provided in Policy No. 940 TEAM Review Process are designed to be heard according to prescribed guidelines. The TEAM Review process is designed to afford the employee a responsive forum to guard against biased or arbitrary decisions, and to provide a forum for a name clearing hearing; however, nothing in this policy shall be construed as a grant to any employee of a property right in public employment. All employees are employed strictly on an at-will basis.

Those employees governed by the provisions of Chapter 143 of the Texas Local Government Code (i.e. Civil Service Employees) and probationary Employees shall be exempted from the application of this policy, unless specifically stated otherwise herein. However, an opportunity for a response and hearing shall be afforded such employees when the conduct charged has been publicized to the extent that the reputation of the employee is brought into dispute or the conduct charged constitutes the exercise of a constitutional right.

Hearing and Appeal Procedures**Hearing Information**

- Since it is important that TEAM Review hearings be resolved as rapidly as possible, time limits, as set out in the following paragraphs, shall be considered a maximum and every effort shall be made to expedite the process. However, the limits may be extended or shortened at any or all steps if both parties agree in writing. In the event either party cannot agree, the Director of Human Resources shall have the discretion to shorten or extend the time limits. In the event the last day of a time limit falls on a weekend or a City holiday, the time limit shall include the next working day. In all instances, consecutive working days will be counted (excluding Saturday, Sunday, and City holidays) in arriving at the length of the time interval. Under no circumstances shall any failure to meet any time limit affect the validity or finality of the event for which a hearing is sought.
- All requests for TEAM Review hearings must be in writing on forms provided by the Human Resources Department, and must be filed with the Human Resources Department. All decisions rendered in response to TEAM Review hearings must be in writing to the employee, either in memorandum or letter format.
- An employee who requests a TEAM Review hearing must inform the Human Resources Department in writing of his correct mailing address and telephone number. Failure to provide current mailing address and telephone information may result in administrative closure of the TEAM Review hearing.

Hearing Process

- An employee who has been demoted or suspended may request a hearing in accordance with the TEAM Review Process. If the chosen panel member played a role in the disciplinary action proposed, the Director of Human Resources will assign a different panel member. A director shall be presumed to have played a role in the disciplinary action if he:
 - Discussed the details of the proposed disciplinary action with the employee or any supervisor in the chain of command;
 - Approved the disciplinary action; or
 - Personally imposed the disciplinary action.
- Nothing shall prevent a Department Director from acting as a panel member for an employee's hearing if he has merely been informed of the type of disciplinary action imposed against the employee.
- The employee must make the request for the hearing in writing within 10 working days after receiving notification of an action taken. The written request must set forth the specific reasons why the employee feels the action is not justified.
- A request for a TEAM Review hearing shall commence at Step 2 of the TEAM Review process.
- A hearing will be conducted within 30 days of the employee's request for a hearing, unless an extension is agreed upon by both parties as described in this policy.

Approved: August 28, 2006

POLICY NO. 940.00 THE EMPLOYEE ACHIEVEMENT & MANAGEMENT REVIEW POLICY

THE EMPLOYEE ACHIEVEMENT & MANAGEMENT REVIEW POLICY (TEAM REVIEW PROCESS) DOES NOT PROVIDE LEGAL RIGHTS TO EMPLOYEES. ONLY THE CITY COMMISSION, IN ENACTING THE CITY CHARTER AND CODE, MAY CONFER RIGHTS TO EMPLOYEES. THESE PROCEDURES ARE DRAFTED FOR THE PURPOSE OF IMPLEMENTING THE KINGSVILLE CITY CODE.

THE TEAM REVIEW PROCESS SERVES AS GUIDELINES FOR THE ORDERLY PROCESSING OF GRIEVANCES AND DISCRIMINATION COMPLAINTS. THE HUMAN RESOURCES DIRECTOR MAY WAIVE PROCEDURAL RULES FOR GOOD CAUSE. FAILURE OF THE CITY TO STRICTLY FOLLOW THE GUIDELINES DOES NOT PREVENT THE CITY FROM IMPOSING DISCIPLINE ON EMPLOYEES, UP TO AND INCLUDING TERMINATION.

It shall be the policy of the City of Kingsville to give eligible employees an opportunity to discuss their grievances and discrimination complaints with their supervisors in order to reach a mutually satisfactory resolution as soon as possible. In the presentation of grievances and discrimination complaints, employees are assured of freedom from restraint, interference, discrimination or reprisal. Resolutions may be negotiated at any step throughout the TEAM Review Process.

City Employees who have successfully completed their initial probationary period and who are not employed in a temporary status may file grievances and complaints. Some employees are excluded from coverage under these procedures (see Exclusions provision).

The Human Resources Director shall be responsible for ensuring that grievances and discrimination complaints are processed in accordance with established procedures. Decisions pertaining to the application, interpretation and

implementation of these procedures shall be made by the Human Resources Director after consultation with the City Attorney.

A grievance is a formal protest of an action other than oral and written reprimands, disciplinary dismissal, demotion or suspension which results in an alleged personal harm.

A Disciplinary Review is a formal protest of a disciplinary action imposed on an employee consisting of a dismissal, demotion, or suspension. The elements of an Employee Action Plan, verbal counseling, or an oral or written reprimand are not subject to the TEAM Review process.

A discrimination complaint is a grievance which states that the alleged personal harm, other than disciplinary dismissal, demotion, or suspension is the result of disparate (unequal) treatment based upon race, color, national origin, gender, age, religion, sexual orientation and/or disability.

Any discrimination complaint shall be construed as being a claim against the City of Kingsville. Each complaint, unless determined by the City Attorney to be facially invalid, shall be investigated as if it were a claim. The Human Resources Director shall investigate the complaint for review by the City Attorney.

All discrimination complaints shall be filed directly with the Human Resources Director, and the resolution process shall begin at Step 2.

Applicants with disabilities may file complaints with the Human Resources Director in accordance with the City's "Complaint Resolution Procedures for Persons with Disabilities" Policy.

The TEAM Review Process

Filing a Grievance or Complaint

The aggrieved employee must contact the Human Resources Director within five (5) working days of the occurrence of the matter aggrieved or within five (5) working days after the employee first learned about the incident. A meeting will be convened to discuss the employee's concerns, to determine eligibility, and to explain the process and provide the documents needed to file a grievance or complaint. (Appendix I-1)

Step 1: Department Director

A completed Grievance/Appeal Report form shall be delivered to the Department Director within five (5) working days after meeting with the Human Resources Director.

The Department Director shall have ten (10) working days to gather the facts, attempt to secure a resolution and respond in writing. Fact-gathering responsibilities shall rest with the Department Director. Attempts should be made to settle the problem within the department if deemed reasonable and appropriate.

The Department Director should meet with the aggrieved employee to discuss the issues being contested before a written response is prepared.

If the Department Director successfully resolves the problem, the settlement shall be written by the Department Director and signed by all parties, copies of which shall be distributed to the aggrieved employee, Department Director and Human Resources Department along with the appropriate copy of the Grievance/Appeal Report form. The complete file shall be maintained by the Human Resources Department.

Step 2: Human Resources Department

If the grievance is not resolved at Step 1, the employee shall deliver the Grievance/Appeal Report form, along with the Step 1 response, to the Human Resources Department within two (2) working days after receipt of Step 1 response.

An employee who requests a Disciplinary Review must make the request for the hearing in writing within ten (10) working days after receiving notification of a disciplinary action being imposed.

The Human Resources Director shall have ten (10) working days to conduct additional fact-gathering and attempt to resolve the issues.

In the event the employee has failed to direct his grievance or complaint to the applicable Department Director, the Human Resources Director shall direct and arrange for the employee to complete Step 1. However, should the Human Resources Director determine that the employee, or other relevant parties or witnesses, will not proceed with TEAM Review process for fear of retaliation, reprisals, or intimidation, then upon such a finding, Step 1 shall be waived. The Human Resources Director shall consult with the City Manager and City Attorney for authorization to alter, suspend, or modify the process upon granting such a waiver.

In those cases where it appears that the Human Resources Director may alter the Department's decision, the Department Director and the aggrieved employee shall meet with the Human Resources Director to discuss and clarify the facts. This meeting shall be convened within the ten (10) working days allotted for Step 2.

If the Human Resources Director alters the department's decision to the satisfaction of the employee, a resolution statement will be prepared, signed by all parties and distributed with the appropriate copy of the Grievance/Appeal Report form to the aggrieved employee, Department Director and Human Resources Department which shall maintain a complete case file.

Step 3: TEAM Review Panel (Disciplinary Review, Grievances and Complaints)

Failure to resolve the employee's grievance or discrimination complaint results in his option to proceed to Step 3 or discontinue the grievance or discrimination complaint. If the employee decides to proceed, the employee must contact the Human Resources Department in writing within five (5) working days after receipt of the Step 2 response to request that the Human Resources Director convene TEAM Review Panel (the "Panel").

The Human Resources Director shall schedule and convene the Panel as soon as practical.

Either party may request a rescheduling of the hearing by notifying the Human Resources Department as soon as possible prior to the time of the hearing. If, in the Human Resources Director's judgment, the request is reasonable, the hearing will be rescheduled. If, in his judgment, the request is not deemed reasonable, the issue will be submitted to the Panel, which may administratively suspend or terminate the TEAM Review process. In no event shall the TEAM Review process be suspended for longer than 90 days. Expiration of 90 days shall result in automatic termination of Disciplinary Review process, the grievance, or the discriminatory complaint.

If an employee does not cooperate with the hearing scheduling process by failing to attend a scheduled hearing without notice or by failing to provide information needed to schedule a hearing, that employee's disciplinary review, grievance or discrimination complaint may be administratively closed by the Human Resources Director.

Hearing Procedures

1. The Panel shall only consider the issues contained in the employee's Grievance/Appeal Report form and the rationale for the action taken. Evidentiary information presented at the hearing by either party must directly relate to those issues. The Panel shall receive a copy of the employee's Grievance/Appeal Report form, the Step 1 and 2 responses, and the action being grieved.
2. Hearings may be tape-recorded by either party (using their own equipment) or the Panel; otherwise, hearings will not be tape-recorded.
3. The Panel shall select a member to preside over and direct the hearing (the "Chairman") and will be compensated for their time at the hearing.
4. The Panel may question all the evidence presented in order to clarify factual statements and to ensure their understanding of the points being presented.
5. Each party may question statements, evidence and testimony.
6. The Panel shall adjourn the hearing after both parties complete their presentations.

7. Within ten (10) working days after the hearing or as soon thereafter as practicable, the Chairperson shall submit the Panel's written findings and recommendations to the City Manager.
8. Upon receipt of the findings and decision from the City Manager, the Human Resources Director or designee shall forward copies of the findings and recommendations of the Panel, as implemented by the City Manager, to the aggrieved employee, Department Director, Panel members and Human Resources Director along with the appropriate copies of the Grievance/Appeal Report form. The grievance and discrimination complaint process shall be concluded.

Findings and Recommendations

1. Panel findings and recommendations shall be based upon a preponderance of the evidence (i.e., by the greater weight of the evidence presented).
2. The Department shall have the burden of proof, by a preponderance of the evidence, to show that just and reasonable cause for the action taken was present.
3. If the employee alleges that discrimination was the basis of the action taken by the department, the burden of proof shall rest upon the employee who must establish by a preponderance of the evidence that discrimination has taken place.
4. If the Panel determines that the City's action is not sustained, the Panel shall recommend an appropriate course of action for the City Manager's consideration. If the Panel determines that the City's action is sustained, the Panel shall recommend that the department's action be upheld.
5. Such recommendations shall be limited to a statement of whether the Panel finds that the City's action is sustained or not sustained, and the corrective action which the Panel recommends. The Panel may, in its discretion, recommend that an employee be awarded part or all of any pay lost due to suspension without pay when the Panel finds that such action would be appropriate.

Step 4: City Manager Review

The Human Resources Director shall send the case file to the City Manager within five (5) working days after the Panel's determination and recommendation is final. At the discretion of the City Manager, a meeting may or may not be convened with the employee.

The City Manager will review the Panel's findings and recommendations and will determine whether to accept, modify or reject the Panel's recommendations. The City Manager's decision will be final and forwarded to the Human Resources Department.

Upon receipt of the decision of the City Manager, the Human Resources Director shall forward copies of the Panel's findings and recommendations, and the decision by the City Manager, to the employee (and representative, if applicable), Department Director, the Panel members, and the Human Resources Department which shall maintain a complete case file and the review process shall be concluded.

Provisions Pertaining to Response Deadlines

If the employee fails to pursue a grievance or complaint within the time limits set forth under Step 1, 2, or 3, the grievance or complaint shall be considered settled, based upon the last answer given by the supervisory representative of the City.

If the City fails to respond to a grievance or complaint within the time limits set forth under Steps 1 or 2 and a reasonable explanation is not given, the grievance or complaint shall automatically move to the next step in the procedure.

If either party wishes to have an extension of a step response deadline, a written request (explaining the reasons(s) for the request) must be submitted to the Human Resources Director prior to the step's original deadline. The request will be reviewed and will be approved or denied. No extension may last more than ten (10) working days, and only one (1) extension request per step by either party may be granted.

Employee Representation

Employees may have a representative during the hearing and process. The representative may or may not be an attorney. Employees may obtain assistance from employee organizations. However, management and supervisory employees of the City may not represent employees in the resolution process.

Management Rights

The City of Kingsville has Management Rights. Complaints that involve management rights will not be processed unless the complaint describes a discrimination issue. Plainly stated, management rights are not grievable matters. These rights include the daily management of operations, direction of the work force, and maintenance of discipline and efficient utilization of the work force. More specifically, but not limited herein, management rights include the authority: to hire and to determine employees' qualifications and ability; to determine the number and location of facilities and employees; to assign work; to transfer, promote and lay off employees; to evaluate employees and grant salary increases; to create, modify and abolish job classes, class specifications and job duties; to change or eliminate existing operations, methods, equipment or facilities; to contract out work; to schedule working hours within the work week; and to establish and enforce reasonable rules and regulations.

NOTE: Discrimination complaints involving management rights will be processed, this exclusion does not apply.

Separation of Employment

Employees who resign their employment with the City or are dismissed forfeit their right to have access to the TEAM Review Process. Attempted withdrawal of a resignation shall not give an employee access to this TEAM Review Process. Any grievance or complaint being processed at the time of separation will not be processed and will be administratively closed.

Performance Evaluations and Merit Increase Denials

Employee performance evaluation ratings and merit increase issues are not grievable items under the TEAM Review Process but may be appealed to the Department Director, provided however, failure to attain a Step Increase under the City of Kingsville Compensation Plan due to unfavorable, unsatisfactory, or poor performance ratings shall be eligible for appeal.

Performance Appraisals

The City's performance appraisal process is designed to improve communication between supervisors and employees to align employees' work efforts with City and department goals.

All employees' performance shall be appraised at least once each year. Supervisors and employees are encouraged to establish the objectives to be rated during the coming year, the performance standards to be utilized, and the way their job should be accomplished. All new employees' performance shall be reviewed at the completion of their initial 180 day probationary period. Employees who have successfully completed their initial probationary period may appeal annual performance appraisal ratings (within 5 working days of the appraisal) which they believe do not accurately reflect their job performance to the Department Director.

Exclusions from Procedure

Unless otherwise specified within this regulation, the following individuals, officers and employees of the city shall not have access to the TEAM Review Process:

- g. Spouses, family members, or other relatives of covered employees may not initiate the process without the covered employee.

Matters not subject to TEAM Review process

The TEAM Review process is not designed, intended, or available to resolve matters which are within the sole discretion of the City under its legislative or management authority. The process cannot be used to alter or affect any matter, contract, ordinance, resolution, or action which is passed or approved by the City Commission. Any action taken or recommendation in contravention of the City's legislative or managerial authority is void.

The TEAM Review process shall not apply to any matter or issue which is the subject of any other legal proceeding regardless of whether it is civil, criminal, or administrative in nature. Upon initiation of such a proceeding, the TEAM Review process shall be suspended until such other proceeding is complete. The process cannot be used by employees to contest:

1. Health Care Benefits or any other optional benefits offered by the City;
2. The applicability of Worker's Compensation or any determinations regarding impairments or disability;
3. Any issues regarding unemployment compensation; or
4. Any issues which are the result of professional medical opinion regarding requirements for a position, including but not limited to physical fitness requirements for a position, establishing limitations on light duty, or a determination by a Medical Review Officer under the Substance Abuse Policy.

Eligibility for TEAM Review Panel

The City Manager shall appoint from among the City employees nine (9) members to the Employee Panel pool for terms of two (2) years (Employee Pool). All Department Directors, Municipal Judge, Assistant City Manager, Fire Chief, and Police Chief shall be eligible for appointment to a TEAM Review Panel (Management Pool). A total of three (3) members shall be selected from these two pools by the Human Resources Director and shall serve as the Panel to hear a designated grievance or discrimination complaint. They shall elect a Chairperson at the outset of the hearing. The Panel shall not disregard the rights of employees or of the City, and shall serve as an impartial body that will render findings and recommendations in an unbiased manner.

Disciplinary Panel: The Human Resources Director shall appoint two members from the Management Pool and a single member from the Employee Pool.

Non-Disciplinary Panel: The Human Resources Director shall appoint two members from the Employee Pool and a single member from the Management Pool.

The Panel shall consider only the points set out in the original grievance or discrimination complaint and any additional information contained in written employee or supervisory responses attached thereto which pertain to the grievance or discrimination complaint.

As a body of arbitration, the Panel is not bound by any previous Panel decisions. The Panel may determine whether rules, regulations and policies were applied in a uniform, consistent manner. Along with its findings, it may also make relevant recommendations for administrative changes, which shall not be binding upon the City.

Findings and recommendations of the Panel to the City Manager shall require the affirmative vote of at least two (2) of its three (3) members.

The proceedings of the Panel may be tape-recorded and maintained by the Human Resources Department for two (2) years or as may be required by the Texas State Library and Archive Commission Local Government Records Control Schedule.
