FS-CON	9/24/2024	McDonald's	2702 S. Hwy 77	Conducted a follow-up inspection on a complaint rec'd on restaurant. Lady didn't specify the nature of complaint. Spoke with Cira Cantu, GM and she said she knew what lady had called in the complaint. The other day a lady got upset because they moved her forward and then said a male employee was rude to her because he closed the door on her face. After review of the cameras, GM said the employee was not rude, even apologized for thinking he was rude to lady. He also didn't slam the door on her, but merely closed it lightly. It was a "customer service" complaint, which I don't handle - McDonald's in-house issue, not Health Dept.
